The two noted doctors of CSC that cleared up all of the contest at Arthur Murray's Dance Studios have been discovered. Art "Sugar Ray" Campbell and Tex "Bo Jangels" Riddick. We hear that when "Bo-Jangels" loses a little around the middle the boy's are going to enter the Fair Amateur Hour. -- The Rembrandt Painting has been returned to the storeroom. Mr. E. Moore reports that the Engineering Department wasn't ready for such classicals. -- The Big Ten alumni of the Research have been shocked by the ineligibility of their star basketball and football players. Heads have been together for weeks and to combat this the boy's have pledged two weeks of their vacation on the campus of their favored school to bring the grades up of their stars.

## QUALITY CONTROL NEWS

For the last several weeks Pauline Cherry has been drooling in her thoughts of "investing" in a luscious new 1957 model bathing suite which is supposed to be the ultimate in elegance - BUT -

last Friday it was learned that her Buick (it's really Andy's) got hit by a parked car and got it's side folded in. Now she is in a quandary trying to decide whether the suit she just has to buy will be made of less material than she had planned, for economy's sake, or of less expensive material. It is our concensus that only the best material should be considered. -- Mary Hunt has had a series of appointments with a molar monger for the past two weeks but things didn't come out right. Operations have been suspended for the time being until the dry sockets become un-dry.

-- Bob Bennett just returned from a fling at the A S T M meeting in Washington D.C. -- Tom Craig was in the New York Tower the week before. -- Howard Higgins and Garth Thomas? Well Howard is still snippin' cans and cartons for the Q.C. display boards. Garth is undergoing the agony of the usual flusteration and becoming a property owner. -- The word is out that Dewey Westfall will be heading for the great outdoors to face-lift the greenery and flowers around the plant. We truly hate to see Dewey go because this Rabbit House has sparkled all winter. Thanks, Dewey, for a job very well done. -- O Yes, Ben Rauch presented Pauline Cherry with a gorgeous birthday cake the other day which was manufactured by Ben's wife. Ben, we all appreciated it and you don't find wives like that much any more either.

## ORDER DEPARTMENT NEWS BY EMMETT LOVELESS

Our most capable red-headed teletype operator Frances Zimmerman will be leaving us shortly after six years of sending our messages. Our very best luck to you, Frances. -- We welcome to the department our new-comer, Miss Nancy Lyman, who hails from down Shelburn way. -- A Farewell dinner in honor of our Frances and Personnels' Marge Sisson was held on Wednesday night, March 6th at the Elks. Some 48 CSC lasses were in attendance. -- That hustle and bustle you see by John H. Suttle these days is brought about by the ammonium nitrate spring fever. Bill McMain says evidently Em Loveless is using some on his head as long as his hair grows. -- Oh, for the life of a woman, even flat tires after work are no problem, eh B. K. especially when men are around. -- Less than 30 days now separate that engagement ring Fairbanks Phyllis Johnson is wearing, and the binding one she'll add April 5th.

## ENGINEERING NEWS BY VEDA STROOT

Flash! Dave Rush is the proud father of an 8 lb. 9 oz. boy born March 7th at 11:30AM. They have named him David Lee Rush, Jr. Congrats, Dave and Judy. -- Congratulations are in order, too, to Mr. J. Fred Dudley. He is now Vice President, Engineering and Production, and will be leaving us for the New York Office any day now. We sure hate to lose you, Mr. Dudley, but welcome Dick McGhee as Chief Engineer. Best wishes all around. -- Kathryn Caldwell left March 8th for the Sunshine State - Florida. Wish we were all going with you - think of us, will ya? -- The flu bug has sure made the rounds of Engineering - Adrian Stanley, Don Keeney, Peggy Curtis and Veda Stroot. Hope you all are feeling better, gang.

# SPRING IS HERE

Herman Parsons has returned to Ribo as foreman on the #4 shift after many years absence from Ribo. Welcome back Herman.

-- Paul Chatman became the father of a bouncing boy, Garry Lee on March 7th. Congratulations Pop! -- Wayne Jackson and Leo Shaffer have moved into the Crystal Area - likewise a big welcome to you guys. -- Bill Adams has been on vacation and John Lovellette is getting ready - yeah man the season is here.

What goes with Paul Smith, he got a coke the other evening to drink while eating his lunch and he certainly needed it, for in his lunch box neatly wrapped in one package was two pieces of bread jammed together, and still in another was 3 or 4 dried prunes and a note saying, Here you are, you're nothing but a big dried up prune. -- All of the long faces that were being carried around Ribo after Tech lost the Valley tourney, are big grins again, mainly John "Pop" Evans and Moe Carlson. -- Henry Bush's doctor wont let him hunt or fish much anymore, sooo he has really gone for party records to play on his new HiFi (ain't long hair either) Wow! -- Got any new material in your private library yet Joe Clay? -- B. Clements has a new name after a mishap on the owl the other night. The lab floor had just been mopped and was shining real nice, so Berle stumbled and turned a mop bucket full of dirty water all over the floor, whata mess. -- Some fellows say E. Elliott and Charlie Albright would make a good pair, neither one knows when to quit walking. -- Must be the arriving of another nice granddaughter, that is pushing the buttons off of M. Lee's shirt. -- A little bird would like to know what Bob Leusing has against the work of great artists. -- Paul Matherly has some ncise in his new Ford. -- Mark Johnson is right at home now as he is relieving Wayne Jackson. -- Johnny Simmons is still having china clipper trouble. -- Leo Archambeault is still grunting and groaning. -- How come Jack Montgomery's wife wculdn't let him go to the Stag? Understand he lost five dollars on a buck euchre game day before. -- Wayne Harmon went out to come to work Tuesday and had a flat tire, so thought he would save a little time by using spark plug pump, so up comes hood of car naturally raining out like it was, the car drowned out, results, Late for Work. -- Jim Cliff up at the stag the other nite said he would play a few games of cards, but didn't know much about them. Naturally he wins and fer washing dishes, he's a whiz, take warning Liz.

Wes. Ellinger is hoping to evade jury duty in a local traffic case by pleading a previous record. Seems as if Wes and the gendarmes tangled when he drove his car over a fire hose a few years ago. -- Henry Bush is back to take care of maintenance and to swing vacations.

## C. S. C. 44th STAG

An enjoyable afternoon and evening was spent by the 150 partakers of good food and refreshments at the Eagles Club Room for this indeed affair. The main courses of chicken and fish were delightfully prepared and consumed heartily by the attendants. The various committee chairmen, their helpers and ticket salesmen are to be saluted for services well done. Glad to see several of our retired members in attendance such as, John Hassmer, Ray Fulton and Sol DeHart.

Feb. 25th marked the beginning of another Anti-Freeze season and brought familiar faces back on the scene. Duke Taylor is our new ware-houseman. Doc Page is at the South Plant. Also welcomed back Effie Fogel, Carl Kisner, Carl Leslie, Lawrence Liston, George Slavens & Bill Voll. It was nice to see Virginia Stewart, Maxine Osburn and Mary Hedding again too. -- A new filling machine has been installed for the Specialties Line and there's a bright new array of colorful cans for the Specialties products. It's wedding bells again at Lockport. Geneva Whitehouse became the bride of Harold Stone Friday, March 8th. We wish you every happiness Geneva. -- Ruby Tucker is back and looking healthier than ever. -- Ruth Provence has been home with a stiff neck but is on the mend and back again. -- Have you noticed the sparkle in Virginia Stewart's eyes lately? Could it be caused by the fellow in the green Pontiac?

Elmer Brown and Duke Taylor thought the Marines had landed when they found themselves accounting to two women. -- Shirley Graves is with us full time now and reportedly doing a wonderful job in the Traffic Department. -- Celebrated Doris Anderson's birthday in a small way. Cake and candles and there was singing. Dorothy Brown thought the singing loud, if not very melodious. -- Irv Elliott is with us once again. -- Canning operations should run a little smoother now. Our boss, Gene Hartley, is back on the job after a month at Purdue, where he attended packaging classes each day Monday thru Friday.

### NEWS FROM CSC'er IN NORTH CAROLINA

Personnel received a letter from Roy Mitchell as follows:

How is everything in the Terre Haute plant and CSC in general? Was so sorry to hear of Olie Herner death, it was certainly sad news. We are certainly enjoying our new home in North Carolina. We are a couple of squares from the University of N. C. Campus and are enjoying the little town of Chapel Hill. We are 12 miles from Durham and 30 miles from Raleigh. We have excellent T.V. Reception. Have you followed basketball - UNC Team # 1? The winter has been extremely mild to us coming from Indiana, experience we have enjoyed. My wife is enjoying much improved health and everything is fine for me. Am looking forward to starting a little Golf in a few weeks. Best regards to your office cohorts and all the rest of the boys in the plant. Very sincerely, Roy Mitchell.

### NEWS FROM CSC's CINCINNATI OFFICE

Philip M. Broderick, retired Cincinnati branch manager for the Commercial Solvents Corporation, passed away January 29 in Good Samaritan Hospital. Mr. Broderick had been with the company for 36 years and an honorary life member of the Cincinnati Paint, Varnish, and Lacquer Association. He was 60 years old. --- Mary Dean Rose of the Cincinnati office retired March 8th after 36 years of service with C.S.C. also. She was secretary to Mr. Broderick. Remarks: The second half of our Bowling League has been a close race with only four games separating the first six teams and with 21 games left to bowl any team could win it. We have had fourteen 600 series rolled so far this season, they were G. Thomas, 615-604, J. Roman, 606, C. Leslie, 610, H. Suttle, 613, V. Hamelmann 609, E. Kantz, 607, H. Hunt, 620, B. Fogel, 606-664-637-652, R. Keegan 612-622.

CSC's Bill Fogel won himself local recognition by representing the Wabash Valley in the National All-Star Tournament held at Chicago. Bill's average in this tournament was among the top half of the bowlers, and Don Carter nationally known bowler won this event. Bill also had the privilege to bowl on a local all star five against the championship Falstaff team composed of the following well known great bowlers, Bill Lillard, Don Ellis, Stan Gifford, Carl Richards and Buenetta. Nice going Bill.

## FISHING DERBY BY PAUL LOVE

Johnny Riggs opened the fishing contest with a 7lb, 8oz. Large Mouth Bass. This gives some of the old fishermen something to shoot at. Some nice prizes are waiting for the lucky ones.

Large Mouth Bass	South Bend Spinning Reel
Small Mouth Bass	South Bend Spinning Rod
Blue Gill or Red-Ear	Heddon Fly Rod
Crappie	Tackle Box

Also prizes for the biggest fish or string of fish of each species on a monthly basis. These are prizes your wife won't let you buy so here is a good way to get them. In personal interviews with various men around the plant the writer heard the following statements in regard to Riggs' opening entry:

Kenny Corthum - Season's young, I'll enter mine later. Smckey Joe - I'm a crappie fisherman. Earl Wright - I'm what they call a dark horse. Runt Turner - I'll get mine when the catalpa worms come on. --- Paul Jones got a new spinning outfit so we are waiting for some big stories or big fish.

## TEN COMMANDMENTS OF GOOD BUSINESS

1. A CUSTOMER is the most important person in our business.
2. A CUSTOMER is not dependent upon us - we are dependent upon him.
3. A CUSTOMER is not an interruption in our work - he is the purpose of it.
4. A CUSTOMER does us a favor when he phones or calls - We are not doing a favor by serving him.
5. A CUSTOMER is an essential part of our business - not an intruder.
6. A CUSTOMER is not simply a statistic - he is a human being with feelings and emotions like our own.
7. A CUSTOMER is not someone to argue with or match wits against.
8. A CUSTOMER is one who brings us his wants - it is our job to fill those wants
9. A CUSTOMER is deserving of the most courteous and attentive treatment we can give him.
10. A CUSTOMER is the life blood of your future and that of Commercial Solvents.

The above was submitted to us by New York.

As she looked helplessly at the flat tire, a passerby stopped and offered his assistance. In a jiffy the car was jacked up and the tire changed. As the good deed was completed and the kind gentleman was about to lower the jack, she said, "Please let it down easy. My husband's asleep in the back seat."

There was a sad accident one day in the heart of the Ozark Mountains. A farmer's mule kicked his mother-in-law to death. A tremendous crowd turned out for the funeral, but it was made up almost entirely of men. The minister commented, "This old lady must have been mighty popular because so many people will leave their work to come to her funeral." "They're not here for the funeral," said the surprised farmer. "They're here to buy the mule."

I'm going to get a divorce. My wife hasn't spoken to me in six months." Better think it over. Wives like that are hard to find.

PRESIDENT J. A. WOODS ANNOUNCED THE FOLLOWING CHANGES IN OUR CORPORATION'S  
ORGANIZATION EFFECTIVE FEBRUARY 18, 1957

SYDNEY T. ELLIS - Executive Vice President - will, in accordance with the By-Laws, act at the request or in the absence of the President. He has primary responsibility for Operations including development, fiscal control, and auxiliary services supporting these functions.

MAYNARD C. WHEELER - Senior Vice President - will have primary responsibility for CSC's interest in its affiliated and subsidiary companies including Thermatomic Carbon, Northwest Nitro-Chemicals and the proposed ethylene project. He also will have responsibility relating to mergers, acquisitions, new ventures, licensing activities, and other aspects of corporate development.

HOWARD L. SANDERS - Vice President, Finance - will be responsible for the company's financial planning and cash management. He will continue as Treasurer of the corporation. Such responsibility will also include credit policies, investments, and pension program, and he will have general responsibility for procedures, practices, and administration of the New York Office. The Vice President, Finance has responsibility for export and foreign sales including the related financial functions of credit and exchange.

"Spring Fever" has hit the Accounting Department already - Bud Burssell and Herman Cruse have been seen swinging their partners at the YMCA square dances on Friday nights. (Tell us now, what can possibly happen next?) -- Jan Correll has been riding her horse, "Bess," in all of her spare time. -- Norman Price now has a crew haircut and isn't it stunning? -- Dewey White celebrated his birthday with a party and ate barbecue until it ran out of his ears. -- We wonder who sent the anonymous valentine to Betty Brand? -- Jim Dailey has been peddling costume jewelry for the Boy Scouts. Tell us Jim, Do you have a peddler's license? -- They tell us that Bill Esken needs a raincoat for his "leaky Buick". -- Bill McMain has been busy planting grass. He is now looking for volunteers to help him mow the lawn this summer. -- Marriage must agree with Rosalyn Gayer. She has gained five pounds while her husband has lost ten pounds. Poor fellow - He's probably getting tired of eating burned scrambled eggs. -- We would like to know

what Frank Diekhoff was doing walking home in the rain at one o'clock in the morning not too long ago? -- Joan Docley has a new camera and recently took pictures of her grandparents' Golden Wedding Anniversary. Give them our congratulations Joan. -- Shirley Royer, like lots of basketball fans, went to Bloomington to cheer for Gerstmeyer last week-end. -- Ed King recently visited Peoria but he didn't hit the "night spots" like "Rapid Robert" did, so he said. -- Estill Roth's daughter, Lois Ann and her new husband are now living in Wilmington, Delaware. We wish her lots of happiness in her new surroundings -- Our sympathy is extended to the Louis Godschalk family in the death of their aunts. -- Buck Rogers is leaving the IBM room after 15 years of service with CSC. We will be sorry to see Buck leave but we wish him lots of luck in his new job. -- Thelma Kelly gave the Main Office a big laugh with her pictures of CSC girls, taken several years ago. (My, how time really changes people, right Nancy?) Thelma also celebrated her 30th Wedding Anniversary on February 22nd. She brought to work her picture that was put in the newspaper 30 years ago announcing her wedding. It was viewed by many people. -- Spring cleaning has been taking place in the Switchboard Office. We can tell that it is daylight outside now. Our thanks to the Maintenance Department. -- That's all of the news about everyone in the Accounting Department for now, except me and I've been trying hard to write this article. (Ha! Ha!)

### ODE TO A DUMPSTER

The shadows fall in long dark lines  
Across the dirty dump.  
With sunset fires, the west now shines  
as Loveless hits a bump.

He shades his eyes in a farewell look  
As nearby she stands alone.  
Her "goodies" moral and material he's took  
Oh Loveless you must atone.

(Mr. Ellis's speech continued)

plant to expand capacity and capitalize on the results of this research. When we relate that to the twenty-two million dollar plant investment that our company had at the end of World War II, and figure that we have spent almost fifty million dollars since World War II, for expansion, it gives some idea of the tremendous amount of capital that is required just to compete in this chemical industry. We think our company is in a position to keep up that competition, and we certainly plan to continue with the program that has already been developed. It is a job to concentrate on the present - this week, this year. The past is full of interesting nostalgia, and time has rubbed off some of the rough spots. The future is full of glamour and plans and dreams and, probably most important of all, you don't have to do anything about the past, and you don't have to do very much, right now, about the future. But the present is different. You have to do something about it. And I think the problem we all have right now is taking a look at the present operation that we have in this organization.

I know of an interesting cartoon that I believe was originally published back in the 30's. At least that is when I saw it. It showed a city slicker magazine salesman, who was leaning over the fence, trying to sell a magazine subscription to a farmer who was plowing his corn field. The caption under the cartoon is the farmer's answer to the salesman. He says, "Son, I don't need no magazines to show me how to farm 'cause I ain't farmin', now, as good as I know how." Maybe if we take a good look at our own jobs, we will find we too may not be farming quite as well as we know how. In our day-to-day plant operations, research work, office administration, or field sales, there is a real need for concentrating on the job at hand - in applying some original thinking to how it may be done better or cheaper or more effectively. There is a place for each of us to start. Take an honest to goodness look at the ways and means that we can make our own work more effective. Do the best we can with what we have, not what somebody thinks we should have, or what we wish we had, but what we do have!

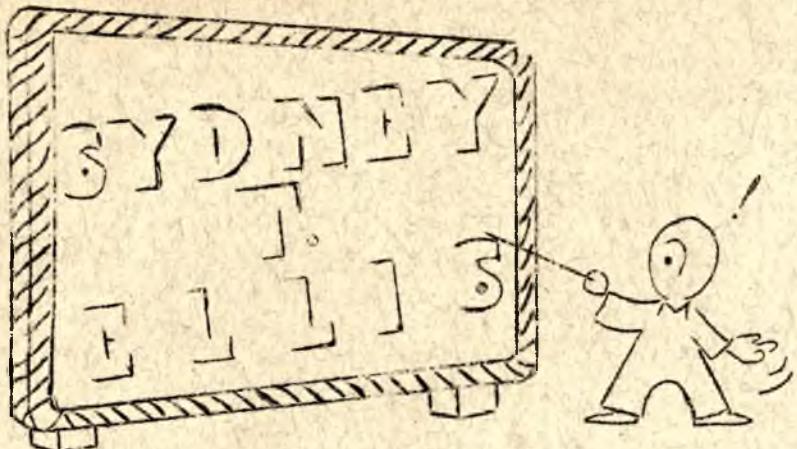

In C.S.C. direct operations, in which I have some responsibility, the organization has been going along functional lines. These include the major operations, Production, Sales and Research. And our company really lives and dies by those three major functions. The related functions of Engineering and Development, Traffic, Purchasing, Personnel and Accounting, and others, are all tied in to the overall three major areas of our operations.

AT THIS TIME, PAUL GROVER'S ALARM WENT OFF!

Thank you for ringing the bell on me. You are just three minutes too early. That's not your fault, but I don't blame the clock either.

I am sure you have all been watching, with interest, the new plant now in construction here at Terre Haute. There are good reasons why the company's latest expansion of derivatives is being built here. Certainly, one of the most important of these is the vast fund of knowledge and experience that exists among our Terre Haute people. Terre Haute is even more important to the future of Commercial Solvents than to its past. The recognition of the expansion now going on, here, is a major one, and there is every reason to believe that if C.S.C. makes progress, our further growth in Terre Haute will continue. We are making a serious mistake though, if we believe that the future will be easy.

An American enterprise, to exist, can never feel self-satisfied complaisance. It can never rest on its laurels. We must always be thinking we have competitors, good competitors, and they are after our jobs. To meet this situation, each of us has a contribution to make in the form of creative thinking about what we do. We look to Research to believe, and to Engineering for the techniques, and to Production for following through in providing the material which our salesmen can sell. It rests with everyone of us, at Commercial Solvents, to apply the best creative thinking, that we can to the area we know best! Our own daily jobs. I think I can speak for our company, and certainly I'll speak for myself, in saying

### D I N N E R - D A N C E   S P E E C H

For several years, I have almost made a talk here at the Twenty-Year Dinner. Last year, I thought I was really in, but our President, Al Woods, ranked me out of it at the last minute, and I didn't get the chance or have the privilege of doing it.

This evening, I bring congratulations and best wishes from our President, Albert Woods, and from our Board of Directors, who at our last board meeting, made a particular point of sending their congratulations on Terre Haute's safety program - and their best wishes for a continuation of this excellent record.

Most of you here, tonight, are senior members, senior employees, of C.S.C.'s oldest and most diversified plant. You have lived intimately with C.S.C.'s fortunes and misfortunes during the past twenty years when the current members of the Twenty-Year Club joined C.S.C. We were just emerging from one of the greatest depressions I guess our country has ever known. All of us, or most of us, remember those good old days when a haircut cost twenty-five cents and a five cent tip would make you the barber's friend for life. Chemical companies turned to Washington for instructions on how they might best serve an all-out war effort, and in accordance with the individual company abilities, they made a real contribution. Commercial Solvents did its share too. Our work with the methods of volume production on Penicillin saved untold lives during the war. C.S.C. engineered and built the Dixie Ordnance Works and operated it throughout the war. Recognition for its efficiency and value to the war effort came when an Army and Navy "E" award was presented to the company, and there were many other less notable but equally important contributions which the company made.

I read to my children a lot, and the current book is "Alice in Wonderland". It's a wonderful children's book, but it has some pretty pertinent observations for adults too, and some of them are very quotable. I think we may remember when the Queen of Hearts was explaining a certain kind of race to Alice, and she said, "Now here, you see, you have to do all the running you can do just to stay in the same place". Well, in a way, this is the post-war position of almost any single chemical company that was faced with spending an awfully lot of time and effort and money just to keep pace with the industry. But our company did something better than just to keep pace with the industry. Both in research and in its backing up of new developments with the necessary capital (these are the only figures, I promise you, that I am going to quote anywhere) during the past ten years, C.S.C. has invested a total of seventeen million, two hundred and ninety-eight thousand dollars in its research program. To back this up, in the past ten years, it has appropriated and spent forty-nine million, seven hundred and sixty-eight thousand dollars for a new

that our major objective is not just more sales and more growth and more earnings. Certainly that is one of our aims. We could not compete in the chemical industry if it were not. But along with it, we are striving to make Commercial Solvents a good place to work, a company which continues to be proud of its people. Where the people have a real pride in their company and in their job.

E A S T P L A N T by MARY HEDDING

Congratulations to LOUISE BOMGARDNER and SAM LOHRMAN (both in Specialties Dep't.) who were united in marriage at Nevins Christian Church near Paris, Ill. The Bride was lovely in her gown of Chantilly lace and Tulle. She carried a bouquet of yellow and white roses. There were many lovely gifts, including a bath mat set and sheets and pillow slips from the girls they work with. Their Honeymoon trip took them through Kansas and Colorado. -- MILDRED DROUGHT's by-words are "do we come back tomorrow?" That's why LATHAM & LATTA's hair turned white. -- Has everyone noticed NETTIE DONHAM's new hair-do? And she's getting slim. Getting back her girlish figure & really looking sharp. -- The Alcohol Line gets RUBY TUCKER & MARY HEDDING down. Is it the fumes or just those screwballs? -- Most of WERDNA ELLIOTT's time this summer will be spent on Hulman Lake. She has a beautiful cruiser. -- MC GUIRE has bird seed every morning for breakfast. That boy should be on TV, the way he can whistle. -- Wonder what the little girl said to NETTIE the other day that made her face so red? -- MARVIN GARD's new nickname is "Door Knob". -- MAXINE OSBURN attended a bowling tournament in Muncie the other week-end. Had a wonderful time. -- ELMER BROWN to COY ORMAN: I finally got that sink in. I'll tell you, we sure got tired of washing the dishes in the bath tub." Cey to Brownie: "You could save time that way though. You could take a bath and wash the dishes at the same time. Be sure to take your bath first though. You wouldn't want that dirty dish water on you." -- The fellows are wondering where they will have their stags now that Brownie has sold his camp. -- DUKE TAYLOR is adding a new room onto his house. Was crushing cement the other day when a piece flew up & hit him in the eye. Hurt bad enough to send him to the hospital. -- BETTY GARRY and BLANCHE JONES got lost on the way to Paris last Sat. Went thru the "hills and hollers" of the country around there (and they said the hollers were as big as the hills) and arrived late. (Never mind late what for). Had a flat tire on the way home, decided tires were cheaper than legs - so the tire flapped and smoked for 3 or 4 miles before they reached a phone & help. Maybe ignorance isn't so bliss after all. -- Doris Anderson is vacationing.

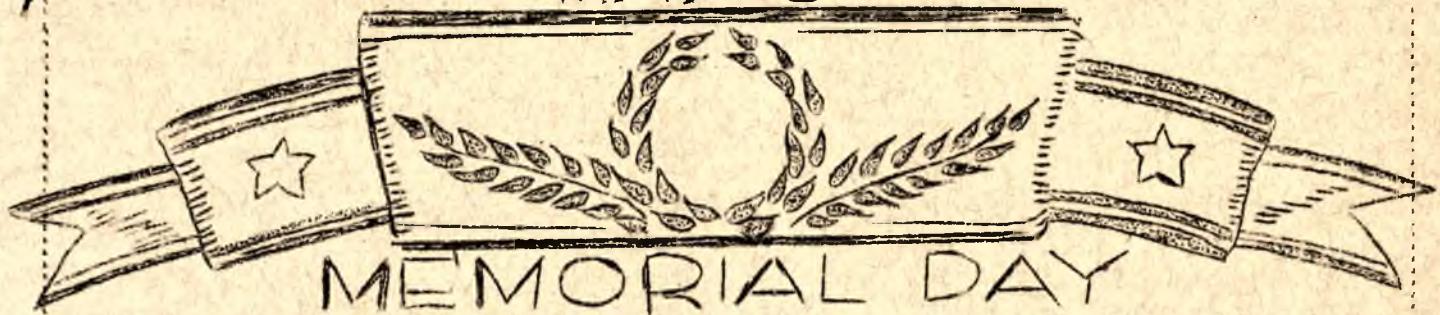

A total of three brave souls trod the hot sands of the desert to receive their watches.

First of the three was IRA CAMPBELL who during his twenty years with Commercial Solvents has worked at the Peoria and Sterlington Plants and is currently located in Terre Haute as the Manager of Advertising Services Section.

Next up for the presentation was MERVEY EMOND who has held numerous assignments in the Commercial Solvents Sales Organization. He is presently Office Manager of the Chicago Office.

PAUL GROVER lumbered to the platform to receive his watch. Paul has been in the Drafting Room with the Engineering Division since he started with the Company. The models that he builds of the new plants are excellent and have markedly speeded the drafting processes. In addition to receiving his watch, Paul also received an over-sized scale model of his watch from members of the Engineering Division. This over-sized scale model was an alarm clock. The alarm clock should ring a bell with those who attended the dinner, inasmuch as its bell was the one that was rung on Mr. Ellis. The search is still going on for the person or persons unknown who had such a wonderful sense of time to set the alarm clock at the proper moment during the festivities.

### 75,000 DIED NEEDLESSLY!

There are risks in everyday living you can't avoid: like the car, out of control, that runs you down when you cross the street, or the fire that starts in the apartment next door. There is nothing you can do ahead of time to avert disasters caused by other people; you just have to take your chances.

But when it comes to a disease, like cancer, you cannot afford to take any chance at all. The best chance you can give yourself is to give your Doctor a chance.

"Cancer will strike one in every four Americans at some time," Mefford R. Runyan, Executive Vice President of the American Cancer Society said. "It will strike in every two out of three families, and 40,000,000 people now living will get cancer."

"Those are the figures, the odds of cancer striking you. There is nothing we can do to stop it from striking, because science has not yet discovered the cause or causes of cancer or a universal cure. But there is a great deal you can do to increase your chances against the disease, should it strike. Actually, you can greatly improve your chances, if you will follow the advice of the AMERICAN CANCER SOCIETY.

"Fifty per cent of all cancer cases are curable, yet last year only one-third of those stricken with cancer was saved. Or to put the tragic discrepancy another way, 75,000 DIED NEEDLESSLY!"

The major factor in increasing your odds is to give your Doctor a chance to discover the cancer, in time, if it is present.

Most people don't realize that cancers grow in two different ways: they spread, and they colonize. First you have a runaway cancer cell, just one. Then it begins to divide and multiply. As this progression continues, the growing cancer forces its way among the normal cells around it, stealing their nourishment as they go. And sooner or later, almost without fail, one or more of these cancerous cells will break away from the thus far contained group. It will be carried through the blood stream or lymph system to some other part of the body, and there it will start a new colony of cancer cells. This is called migration of cells 'Metastasis'. When the cancer has spread it is almost impossible to save the life of the cancer patient. And that's what we mean by discovering a cancer 'in time'.

If you recognize one of the danger signals of cancer you must see your Doctor without delay. But long before that, go for a regular checkup. "Fight cancer with a checkup and help save lives." The danger signals of cancer are: 1. Unusual bleeding or discharge; 2. A lump or thickening in the breast or elsewhere; 3. A sore that does not heal; 4. Persistent change in bowel or bladder habits; 5. Persistent hoarseness or cough; 6. Persistent indigestion or difficulty in swallowing; 7. Change in a wart or mole.

Cancer can start without pain, it can grow without your feeling any discomfort whatsoever. And as the American Cancer Society put it, 'The chances of curing cancer are so much better when it is detected in the silent stage, before it TALKS. Take advantage of the three vital savings offered by regular physical checkups: 'The saving of life itself, the saving in money and the saving in Peace of Mind'.

## ENGINEERING

LEON STEWART and VEDA STROCT are vacationing in Florida. Have a good time, Veda and Leon. -- The Engineering Dep't. has been honored with a visit from J M CLIFTON this week. Nice to have you back, Jim. -- We are glad to see HERB HYLTON finally back from Canada, after four weeks. -- DUNCAN THOMSON is a stranger around here since he moved to the construction on the Methylamine Plant. Hurry back, Dunc. -- Has anyone seen DICK MARKLE flashing around in his new Olds? -- Several mushroom stories have been floating around the Engineering Dep't., but the best one was told by PEGGY CURTIS. It seems that someone in her family found a few mushrooms. To be exact, three sacks - 750 in one, 800 in one, and 900 in the other. Pretty big sacks, Peggy. This story was topped by one told by DALE COTTON about frogs. It seems Dale gigged 18 frogs

one evening. The first story teller doesn't have a chance. We are forced to believe both stories because both

sources are beyond reproach. -- The Engineering Dep't was very sorry to hear of the death of RAY HEIDENGER's mother-in-law. -- We are happy to announce that we have a new Chemical Engineer, from Brookfield, Illinois, Mr. JOHN GRENCH. Mr. Grench is a graduate of the University of Illinois, class of '49. He is married and has two boys, ages 5 and 10. He was formerly employed at Armour Chemical Division at McCook, Illinois. Welcome aboard, Mr. Grench.

### WHAT IS YOUR EYESIGHT WORTH?

DO see your eye specialist periodically if you wear glasses, or are over 40. DO read and work with the light falling over the left shoulder if right-handed, and vice versa.

DO wear safety glasses if your work requires them. If you are a do-it-yourself enthusiast, wear them at home, too.

DO have some other light in the room when viewing television and use some discretion as to the time spent looking at your TV. Even the strongest eyes will fatigue from too much use.

DO wear sun glasses if you spend prolonged periods in strong sunlight or under a sunlamp.

DO use an eyewash ONLY if your eye specialist has prescribed it. Nature supplies her own eyewash to normal eyes.

DO go to your eye specialist immediately if you begin to see halos around lights, have foggy vision or notice a loss of side vision. These can be symptoms of glaucoma, which usually attacks in middle age, and can cause blindness if not discovered early and controlled.

DO keep your hands away from your eyes. Many eye infections come from not-too-clean hands.

DO rest your eyes occasionally if you use them constantly for close work. Close them for short periods or focus on a distant object.

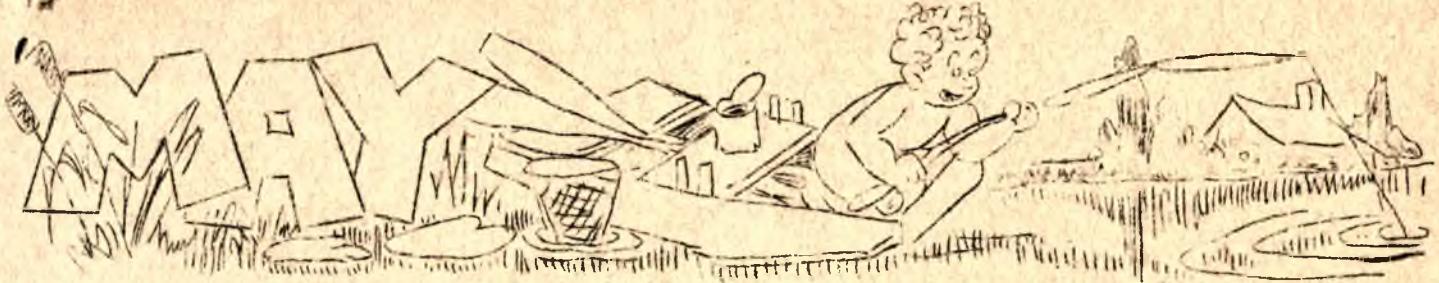

DO think very seriously about it before you use any eyelash dyes. They can be very dangerous.

DO keep your glasses clean - you'll see better.

AND FINALLY - if you need glasses- DO wear them. Everything will look better to you, and you'll also look better and younger. Nothing produces wrinkles more quickly than squinting.

You would indeed have thought that Building 96 was the old "Animal House" again for a few days a short time before Easter. First of all, PAULINE CHERRY had an ailing Parakeet and she was forced to make like a mother hen and "sit up with a sick bird". TOM CRAIG almost nabbed a wee Easter bunny that was running around our building trying to grow big and strong in order to fetch our Easter eggs. Fortunately, it got away. HOWARD HIGGINS reported that he is still angry at his "Money Dog", and then there was the furor over the frustrated fisherman and the one that got away. Poor ERN! We are also very much worried about our Cecropia moth. It has been in the cocoon since August 9, 1956. It is supposed to come out a big, beautiful moth, but as of this writing there is not a stir from it. MARY HUNT reports that she went mushroom hunting and found the BIGGEST bunch of ..... ## ACCOUNTING NEWS by JAN CORRELL

LOUIE GODSCHALK spent a week of his vacation working around the house, hunting mushrooms, and spent a few days in Oak Ridge, Tenn., visiting his brother-in-law and family. -- BILL McMAIN had visitors from California way the week-end of May 4 and 5th. An old Navy buddy. Nothing was said though, because they couldn't get rid of their wives long enough. --

- SHIRLEY ROYER spent the week-end of May 11 & 12th in Chicago, visiting her three great-nephews. -- DEWEY

WHITE said he was going to see his sister Easter Week-end, and when asked where he was going, he said he didn't know.

All he knew was that it was someplace between here and St.

Louis. Did you arrive O.K., Dewey? -- We have a new face in the IBM Dep't. BILL ESKEN, better known as "Willimina", has taken over the duties left by FLOYD ROGERS. An observation made by a teen-ager: "Bill Esken sure is a 'Real Cat' on roller skates. --

Has anyone noticed the two "trim figures" in the Main Office? BUD BRUSSELS has lost 7 lbs. and NORMAN PRICE has lost 10 lbs. As Norman says, the second 10 lbs. are harder to lose than the first 10 lbs. -- NANCY LEE's current theme song is "California, here I come." She and her mother are planning to go to Santa Barbara to attend the graduation of Nancy's niece from Santa Barbara High School. -- We have a "shutterbug" in the Accounting Dep't.: BETTY BRAND has a new camera, and she has really been shooting the works. -- FRANK DIEKHOFF gave a very interesting and informative speech for the Women's Accountants Association at the Deming Hotel.

MORNING AFTER THE NIGHT BEFORE QUIBBLINGS: After the dinner EIB TINGLEY discovered that he had become separated from his car keys. Lucky for him, DEWEY WHITE found them on the street, checked their identity at City Hall, took them back to the Terre Haute House - and then when the White's were going back to their car, they saw Eib and his best girl sitting in their newly acquired Plymouth waiting for Mace's to come. What we all want to know, Eib, did Mace's charge you anyway for the run they made to "wire" your car? -- We understand ESTILL ROTH drew more attention, before the dinner, than his share. Every CSCer happened to be on Cherry Street to see this "Blundering" driver blazing a lone trail east-bound. "One-Way Corrigan was asked the next morning why he sat so long at 8th & Cherry. He replied, "Something was wrong with the lights. I couldn't tell whether I was supposed to go or not, but finally decided that I should be arrested anyway, so I just shut my eyes and went on across the intersection." "Bright Boy" DEWEY WHITE (who didn't stay for the dance) came up with the answer that there weren't any lights that Estill could have seen because there wouldn't be a need for eastbound traffic signals. -- To make a long story short, it was amazing how willing Mr. Ed King was to dance after Mrs. King threatened his golf privileges for the coming season. -- Why NORMA WALTZER is so tired in the morning: She's been delivering the Morning Star! BILL McMAIN left the Dinner-Dance early. He recognized a former paper boy (escorting N.W.), couldn't remember paying his last paper bill, and knew he didn't have any ready cash on hand. By the way, we understand Mr. McMain has applied for a job as a Male Secretary. -- The Acc'ting Dep't. would like to welcome BETTY KENNEDY back to the switchboard. Welcome back, Betty..... P.S. If you should find the phone service a little lax - our little Betty may be asleep at the switch. After last Sunday's big rain, Norma sold Betty the Paper Route!

PAUL JONES nosed out K. CORTHUM for the monthly blue-gill prize by just 8 oz. Corthum turned the table and beat Paul's annual blue-gill entry by only 2 oz. There is quite a battle developing here, but I feel that if Corthum's two sons continue to coach him in the art of angling, he will retain top position. No entries were made for the bass and crappie prizes during the month of April. JACKSON could have won those if he had tried hard. -- BOB CLEMENTS entered 3 large mouth bass weighing 6 lb. 11 oz. to lead the contest for May. No crappie or blue-gill have been entered as yet. -- Records will fall when K. Corthum and SMOKEY JOE start fishing for bass. EARL WRIGHT said he has caught several, but we haven't seen any of them. FRED MULLINS is getting ready to hit his private pond, so we should hear from him before long.

## REMARKS:

We have had a real close race this second half, the winner being decided on the last night. The Rascals and Process both won three games at the expense of Norway and the Engineers, respectively. The Office came in third by winning two games from the Chemists. The Chemists won the second game by four and the Office the last by just one pin. Maintenance won two games from Petro-Chemicals, although they were 60 pins short of the 2934 series rolled by Petro-Chemicals. Art Clough rolled one game without a mark. This must be a new record.

## FATHERS DAY JUNE 16<sup>th</sup>

### B E S E A R C H by DOT MEDLEY and ART CAMPBELL

St. Anthony's Hospital had two researchers on their guest book recently. DR. HAP CHORNOCK spent several days on diagnosis. He is home now. -- RAY OLINGER underwent extensive abdominal surgery on Wednesday, May 29, and is recovering satisfactorily. -- ORVAL SISSON was in Union for diagnosis but has been sent home for further treatment. -- DR. MARTIN has returned from Europe but so far, suggestions on the Moulin Rouge seminar just gets a big grin from JERRY. Could be that he's building up suspense! -- JIM LEACH has joined the Research ailing list, being home with a crick in his back. -- MARGE YATSKO and BARBARA BLACK are returning to house-wife duties. -- The gate opposite Research has been fitted with push button control. Late-to-work employees will have to keep IRENE BROWN well buttered up with candy etc. -- ART CLOUGH is sporting a new car, and BOB BALDWIN and MARVE BACHMAN are driving station wagons! -- Vacationers - JUANITA SCOTT vacated about Indiana. No sun burn. BOB BALDWIN vacated by feeding the fish at a popular Southern Resort.....

### MR. JOHN DUBRET

A picture from the Times-Picayune newspaper, New Orleans, La. - of Mr. John Dubret - was sent to us by Mr. Fischer. Mr. Dubret was Plant Manager at C.S.C.'s Harvey Plant for many years before retiring to his new hobby of guns. Congratulations, John, on your election as First Vice-President of the Southern Louisiana Gun Club....

### From CHAPEL HILL, NORTH CAROLINA

Greeting from a newly converted Tar-Heel. We are sure sold on the Chapel Hill location. Spring has brought more beauty into the natural surroundings. Of course, the sun heats up, even in May, in midday, but we are able to keep comfortable and are enjoying the North Carolina weather. Best regards to all those at C.S.C.

Yours sincerely,

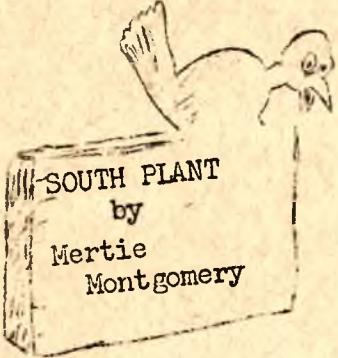

Roy Mitchell

WILLIE: "Gee, Pop, there's a man in the circus that jumps on a horse's back, slips underneath, catches hold of its tail and then finishes up on the horse's neck."

FATHER: "That's easy, son; I did all that the first time I rode a horse."

THE BEST PLACE to spend your vacation is just inside your income.....

The South Plant Watchmen would like to take this opportunity to thank HOWARD DENGES for favoring them with day-time music and new-of-the-day. Ding parked his car by the gate and left the radio playing all day for their convenience. That's our Ding - always thinking of the pleasures of others - even at the cost of his battery. Again we say "Thank you, Ding".

- A very bad head cold confined B. MCINTYRE to his home last Monday. He still has a wicked cough. -- I guess there was no one interested in a new Chevy - or maybe they didn't have the money - when they turned their backs on the sign on Ding's car which read "THIS CAR AND \$600.00 WILL BUY A NEW 1957 CHEVROLET." -- JIM STEUERWALD is still off work through

Doctor's orders. South Plant sends "Get Well Wishes" to Jim and hope he'll soon be back on the job. -- We understand that, for some reason, HUEY JOHNSON is eating more hamburgers now-a-days and less liquids. -- MAX MOORE has an eye for business. He is now contemplating the Baled Hay Business.

(Too late for last Edition)

STATE POLICE POST SOUTH OF CITY HAS DEDICATION CEREMONY.

MR. HUEY JOHNSON -- MAIN SPEAKER

C.S.C. is proud to announce that one of their Veteran Employees was the guest speaker for the Dedication of the new State Police Post located south of the city. MR. HUEY JOHNSON gave a very impressive 30-minute speech in behalf of our beloved State Police. Mr. Johnson advocated whoeheartedly the extreme caution administered by our State Police and held a demonstration of the latest facilities offered at the Post to determine the dexterity of a vehicle operator, such as blowing up balloons and driving a vehicle with the left wheels directly on the yellow line. In closing, Mr. Johnson complimented the Indiana State Police on the very efficient way in which they are cutting the accident rates by ridding the highways of unqualified drivers. The ceremonious day was climaxed with a Pot-Luck Dinner held at the comfortable County Jail where Mr. Johnson was escorted by the honorable State Police.

(Copies of Mr. Johnson's speech may be obtained upon request.)

GENE KANTZ took a week's vacation to wash the yellow paint off his green peaches. It seems that H.K. had painted them to impress E.K. that he was an excellent gardener. It will probably take a hundred two-bit cigars to get back in line, Harry.

-- Ole "Nite-owl" WAYNE PLIMMER had difficulty keeping awake during the week of May 27th. Some friends dropped in and ate a hearty meal. Plimmer tried to get the meal price back via card games. However, Father Time wouldn't back Plimmer up and he fell asleep every evening at midnight. When he woke up, he found he had made some rash bets in his sleep. He spent the rest of the sleeping period trying to figure out how to get ahead. Several times the fellows in the Instrument Shop had to pick him out of their way when he fell asleep under a work bench.....

We welcomed two newcomers to the Order Dep't. PEGGY CURTIS and DAWN HOMAN. Glad to have you, girls. -- Those attending the party Tuesday Night, June 4th, for BETTY BRAND & BARBARA BLACK were GEORGIA FLAGG, KATHY CHANEY and PHYLLIS WRIGHT. --

-- HOWARD SUTTLE has just returned from a week's vacation. He reported a very good time. One of the highlights of his vacation was the "500".....

## ACCOUNTING NEWS by JAN CORRELL

June 4, a farewell dinner was given at the Elks Country Club for BETTY BRAND, who is leaving for California, and BARBARA BLACK, who resigned to stay home. Attending the dinner were: BETTY BRAND, BARBARA BLACK, NANCY LEE, THELMA KELLY, BETTY KENNEDY, ROSALYN GAYER, JAN CORRELL, PEGGY EVANS, SUSIE ROGERS, KATHY CHANEY, PHYLLIS WRIGHT, GEORGIA FLAGG, BETTY McCracken, MARY FRANCES GRAHAM, LORNA KEENEY, PAT CHOWNING, MARGARET YATSKO, LUCILLE WIKOFF, STELLA WRIGHT, JUANITA CUMMINGS, MARGE SISSON, MARTHA GRAY, and MERTIE MONTGOMERY.

- ESTILL ROTH is vacationing at Shakamak this week. -- HERMAN CRUSE and family vacationed a week in Kentucky, visiting relatives. -- We wish to extend a cordial welcome to LUCILLE WIKOFF who is replacing BETTY BRAND. -- We bid a fond adieu to Betty and wish her every good fortune and happiness. -- It is with sincere regrets that we say farewell to another member of the Accounting Dep't. JIM DAILEY, who is also moving to California next week. We have enjoyed working with Jim, and we hope he finds health, wealth and happiness in his new surroundings.

~~We welcome the return of our many members after a siege in the hospital.~~

Headliners in the news this month

are DON KEENEY and his new bride, LORNA.

Don and Lorna pulled a surprise on CSCers  
and "tied the knot" Saturday, June 8th.

Congratulations, kids, and best wishes from  
all of us. -- Best wishes also go to EMILY

JOSEPH who announced her engagement to JOHN OBST  
on June 10th. No definite date has been set for  
the wedding. -- Engineering extends a hearty  
welcome to NANCY GLEASON and MARY HUNT, new

members of the department. Nancy is taking the place of PEGGY CURTIS (who recently transferred to the Order Dep't.) and Mary is replacing KATHRYN CALDWELL who is leaving Commercial Solvents to live in Florida. We are also sorry to lose BARBARA WILSON who is leaving us to work in Indianapolis. -- A picnic is being planned for the members of the Engineering Dep't. in honor of MR. FRED DUDLEY and his family. Mr. Dudley, as a result of his recent promotion to Vice President, will be moving to New York City, and we are taking this opportunity to express our appreciation of the kindness and thoughtfulness Mr. Dudley has always shown in his association with each of us. -- MR. JULIUS TROELTZSCH is with us temporarily from Sterlington to help with the start-up of the new Methylamine Plant. Also, with us temporarily to help with the start-up of the new plant, are BOB SPEIGHT and JOHN NEINHUIS from Fenicillin. Included in this group also are JOHN JACKSON and BOB AGNE. -- Best wishes for a speedy recovery to MIKE GROVER who is in St. Anthony's Hospital.

Bets at Lockport were on the 500 race cars, not the drivers. The winner was COY ORMAN. -- VIRGINIA STEWART has been busy readying her daughter for graduation from Garfield this year. She has another daughter graduating next year. -- GENE HARTLEY and BROWNIE enjoyed the race this year. Came back with beautiful tan. Gene, by the way, is vacationing in San Francisco starting this week. He will be gone three weeks. -- GENEVA WHITEHOUSE paid us a visit a week ago. -- NETTIE DONIAM is taking two weeks vacation. She needed it. 'twas getting so she was beginning to drive on the wrong side of the street. -- Watch it, fellows, if BILL PRICE enters the pie-eating contest. He has had lots of practice and should prove to be stiff competition. -- BETTY GARRY had a nice visit in Urbana, Illinois, seeing some friends and just looking over her old home town. -- MAXINE OSBURN enjoyed a trip to Ohio with her bowling team. -- BLANCHE JONES was out for a couple of hours each day while DORIS ANDERSON vacationed . . . . .

# VACATION

JULY, 1957

# DRIVING . . .

## PLEASE COME BACK !

So long Neighbor. Have a good vacation. We noticed your getting a highway map at the service station and hope you had the car safety inspected and lubricated.

Then down in your driveway when you packed luggage, golf bag and thermos jug, you should have included a first aid kit, flashlight and extra tools.

We'll be looking for your happy return to your job and your visits on Main Street. Please don't let the children stand on seats or by the dash panel. They'll be anxious to start in that next grade of school next fall.

You see, 107 persons didn't return from vacations last June because of traffic fatalities on Indiana highways and streets. There are several ways to dodge death on your trip. Try a few of them, such as: start early, don't drive more hours than your normal work day, plan time to relax along the way and drive at a speed suitable for existing conditions. They all add up to the Indiana safety theme for summer motoring -- "SLOW DOWN AND LIVE."

Please come back.

## PLANT NEWS

### ELECTRIC SHOP

DON PAYNE returned home from a week of vacation in Wisconsin leaving his family to be fattened up by the in-laws. RAY HIGGINS has added to his hard hat the title of T. A. M. D. (Technical Advisor of Moisture Dispersion). GEORGE DAVIS will be vacationing the week of July 8. Where? - we haven't heard. For the weeks of July 15 and 22, HOWARD RUBE will be No. 1 man on College Avenue while mama Rube is at the girl scout camp.

### EAST PLANT by Mary Donham

MARGUERITE HIGHSMITH returned from vacationing in Texas and moved into a new home on Carol Drive before returning to the office. IRA CAMPBELL and family just returned from a trip to New Mexico and Arizona with reports of a wonderful vacation. COY ORMAN was at home during his one-week vacation preparing for the RAINS that came. No swimming pool in his basement now! DOROTHY BROWN and her husband are building a new home which they say is coming along just fine in spite of the weather we have had. JOHN SCOTT and his folks have moved to the south end of the city. It seems as though everyone here is either moving or making plans for vacations. GENE BOROUGHHS has been in and out of the office--not vacationing though. HERB ALMAN is contemplating a vacation shortly.

### QUALITY CONTROL

If you want to really make HOWARD HIGGINS happy, ask him to recite something in Statistics. He has followed Garth's footsteps and has just completed an advanced two-weeks' course in Statistics at old P. U. We are all mourning the loss of our gal Friday, MARY HUNT, who has left us for the ground floor of the Ivory Tower. She was pirated by Engineering and has taken Kathryn Caldwell's place. MARY KAY DAMMANN has arrived as a replacements and is burdened with learning the ropes. PAULINE CHERRY has really been covering her tracks lately. No one, not even HIGGINS, can come up with any reports on her activities. Whatever she's been doing, it's helping her beautiful sun tan. If anyone sees three creatures in the Animal Hutch with a good case of the spasmodic twidgets, it's TISLOW, HIGGINS and CRAIG. Two of these guys admit that they quit smoking three weeks ago and it has been rough. Higgins hasn't smoked a cigarette for several days, has chewed a carton of chewing gum and has the shakes too, but refuses to admit to anyone that he's quit smoking. BOB BENNETT has been out on the world again with trips to ASTM in Atlantic City and to Cincinnati. He's ready to stay put now for at least a week. GARTH THOMAS is fast developing a brilliant horticultural vocabulary now that he is actively engaged in the maintenance of his greenery around his newly acquired home. He has decided that giberillin is the answer to all his woes--if it weren't so darned expensive. NO, although the Animal Hutch may look like a beach house for Ash Pit Lake swimmers, it isn't. We don't sell bait here either.

### ORDER DEPARTMENT by Phyllis Wright

EM LOVELESS has returned back to work after a two-weeks' vacation in Denver, Colorado. According to all reports, he and his family had a wonderful time. We welcome ELLEN COX to our department. We join in extending our sympathy to JOHN and FRANCES ZIMMERMAN in the death of their infant son.

## PLANT NEWS

### SOUTH PLANT by Mertie Montgomery

Wedding Bells have been ringing in a couple of "Dads' ears lately. You CSCers who didn't see our boss march down the aisle in a white tux, last Saturday night, really missed a treat! The Montrose Methodist Church was the scene of the beautiful wedding of JANET McINTYRE, the daughter of Mr. and Mrs. Bence McIntyre. Also, ROBERT WEBSTER marched down the aisle with his daughter, BARBARA, on July 4 at the Lafayette Methodist Church. This was BOB's second trip down the same aisle in the last seven months. His older daughter was married on Thanksgiving night of last year. This leaves the McIntyres and the Websters right back where they started - just the two of them. They're waiting now until the time comes to start babysitting with their grandchildren. HUEY JOHNSON was "water bound" after the recent torrential rain and was unable to get to work. HUEY also has been on vacation. JOE CROCKETT, JIM CLEMENTS and MAX MOORE have returned from vacations. In the last Spirit, we announced that MAX MOORE was in the Baled Hay Business. At this time, we wish to announce that he is OUT of this business - since the hay got wet, and at the present writing, MAX and the Hay are All Wet.

### RESEARCH

The JOHN TINDALL family had a gathering during J.B.'s vacation. The grandparents report a crowd of fifteen on hand at one time. The Big Rain gave many people a bad case of wet basements and the Research group had their share. CHUCK SMITH had a week of vacation and spent much of the time in Michigan and Canada. It is so very nice having RAY OLINGER with us again after his seige in the hospital.

### ANTI-FREEZE AND SPECIALTIES by Mary Hedding

Several of the gang received a hearty welcome back to the Anti-freeze and Specialties lines. Included were RUTH PROVENCE, MAXINE OSBURN, RUBY TUCKER, VIRGINIA STEWART and MARY HEDDING. Also on the welcome list were ED HILTON, ART PRICE, BILL ERVIN, DAVE NECKAR, RON LENWELL, JOHN TINDALL and HANK BUSH. SAM LOHRMAN is building a new home while being off for two weeks on vacation. ELMER BROWN and BILL McDANIELS joined BENCE McINTYRE, JOE CROCKETT and BOB JARVIS for a day of enjoyment at St. Louis watching the Dodgers win over the Cardinals. The pies are floating around again since that Provence girl is back - and they are good. Former CSCer, CLYDE PROVENCE, is the pie salesman. GENE HARTLEY enjoyed three weeks vacationing in California. He's back on the job now and feeling in the best of spirit.

A mild-mannered Minister accepted the call to a church in a town where many of the church members bred horses, and sometimes raced them. A few weeks after his appointment he was asked to invite the prayers of the congregation for Lucy Gray. Willingly and gladly he did so for three weeks. On the fourth Sunday one of the deacons told him that he need not do it any longer.

"Why?" asked the minister with an anxious look. "Has she died?"

"Oh, no," replied the deacon. "She won the steeplechase yesterday."

### NON BEVERAGE

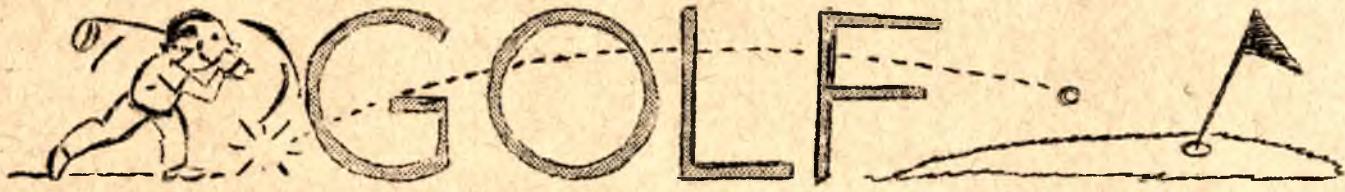

CLIFFORD LATHAM is back on the job after a round with the flu bug. Although he is pale and weak, he says he will make it. COWBOY PAYNE's vacation sure will give the truck a much needed rest. OSCAR YOUNG will do the herding for this week. McGUIRE will be eating hot dogs and washing them down with "Old Bud" while at the ball game at St. Louis (he thinks). Three of our boys had the water up to the front door last week. After the flood DOC PAGE drove all afternoon to get four miles to his home. MORRIS LOWE finally made it home by wading a little. JIM STAGGS did some wading too. JIM KELLEY is back after three weeks in Michigan with the U.S. Air Force; TED LOVEALL is back from a three-weeks' vacation in Florida. JIM and TED say they are tickled to be back on their jobs!

### ENGINEERING by Veda Stroot

A good time was had by all who attended the picnic in honor of "The Travelling Dudleys." Engineering pitched in their pennies and presented Mr. Dudley with Volumes I, II and III of "Lee's Lieutenants" by Freeman. DALE COTTOM, who presented the gift to MR. DUDLEY, had drawn a Confederate flag on the side of the package. Mr. Dudley, of course, was very pleased with this and advised us all to "save our Confederate money." BARBARA WILSON, who left us June 21, was presented with a Duaflex IV camera. Overjoyed with this, she spent the rest of the evening taking pictures of everyone. KATHRYN CALDWELL was given a salt water rod and reel to take with her on her retirement to Florida. She has invited us all to drop in and see her whenever we pass that way. Kathryn is now residing in Pompano Beach, Florida. DAVE RUSH spent his vacation just lounging around and fishing. Sounds like fun, Dave. DAVE was also on the receiving end of a joke the other day. Seems like DAVE parks rather close to the cross-walk quite frequently and it is necessary to walk around his car. Several of his fellow workers, tired of making the journey around the car, got together and pasted footprints over the back end of the car. Wonder why Dave parks in the parking lot now??? We wish to extend our sympathy to QUENTIN JEFFRIES and his family, who recently suffered the loss of his father, John Jeffries.

### ACCOUNTING DEPARTMENT by Jan Correll

June 14 was JIM DAILEY's last day with us. He was presented a pen and pencil set by his co-workers at the office and later in the evening, a dinner was held in his honor at Louise's. Attending were the guest of honor, JIM, HENRY FICK, FRANK DIEKHOFF, BILL ESKEN, BUD BRUSSELL, HERMAN CRUSE, NORMAN PRICE, BILL McMAIN, ED. KING, EIB TINGLEY, HOWARD SUTTLE AND LOUIE GODSCHALK. We are happy to have ROSALYN GAYER back with us again after being in the hospital. VACATIONERS: TOM WALTON, NANCY LEE, BUD BRUSSELL and JAN CORRELL. The Waltons vacationed in Pine River, Minnesota and we understand the fishing was pretty good, between the daily showers, that is. Nancy enjoyed a visit with her sister and family in Santa Barbara, California; also found Yosemite very interesting. Jan spent her vacation in Oak Grove, Kentucky. The Brussels visited Shafer Lake.

The wealthy socialite frowned at his butler, and said severely, "The maid tells me that you were badly intoxicated last night, and that you were trying to roll a barrel into my bedroom. Is this true?"

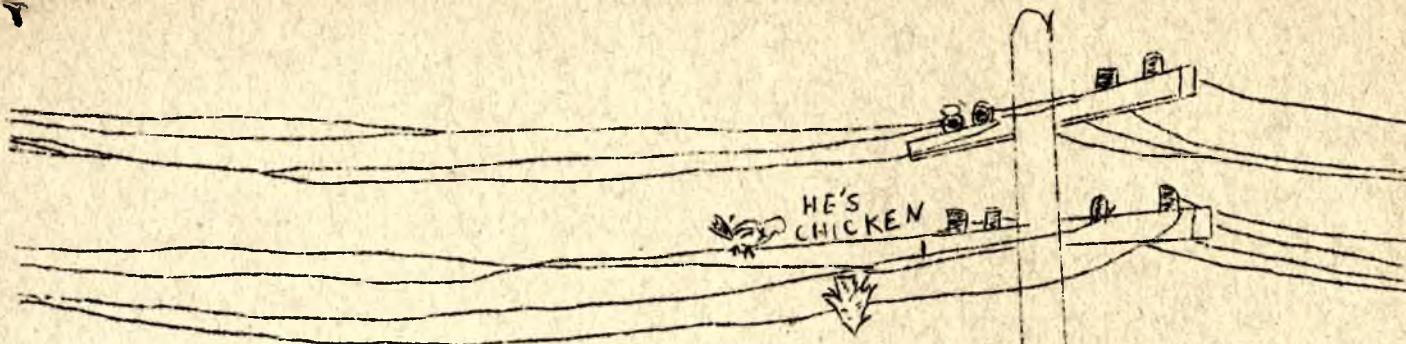

"Yes indeed, sir," answered the butler.

"And where was I all this time?"

"In the barrel, sir!"

### QUALITY CONTROL

HOWARD HIGGINS had so much money in his pocket when he left here last week, that his friends decided he needed a new billfold to keep it in. We hope he is able to keep it full after he gets to Dixie.

A recent visitor in the department has been BOB BENNETT, who spent a day with us while on vacation in between trips from here to there.

A newcomer in the department is BEULAH CRAFT, MARY HUNT's younger sister. "Boots" replaces MARY KAY DAMMANN who moved to Engineering (which is air conditioned all the time and where there are no flies).

Why does TOM CRAIG run eagerly every day to grab the Wall Street Journal and compare the relative activities of Armco Steel and Norfolk & Western Railroads? The latest tip from financier CRAIG is "buy CSC, its down to 13 and is headed straight up."

ERNIE FAGG figures that he is going to make so much money off the pigs he just bought that he is already apologizing and explaining why it is not profitable to feed-out pigs.

The shortest musical career on record was that of GARTH THOMAS - a one-night stand - at one of the Fashionable Terre Haute dinner clubs. We hear the music was so bad that professional entertainment from the outside had to be brought in to revive the business. GARTH claims that it wasn't that at all, that it was just "Fair" time.

PAULINE CHERRY anxiously awaits the start of Sorority season so she will have some excuse to get out in the evenings!

### ADVERTISING and TRAFFIC DEPARTMENTS

BUD POTHS just returned from a week's vacation - just took it as easy as he could at home.

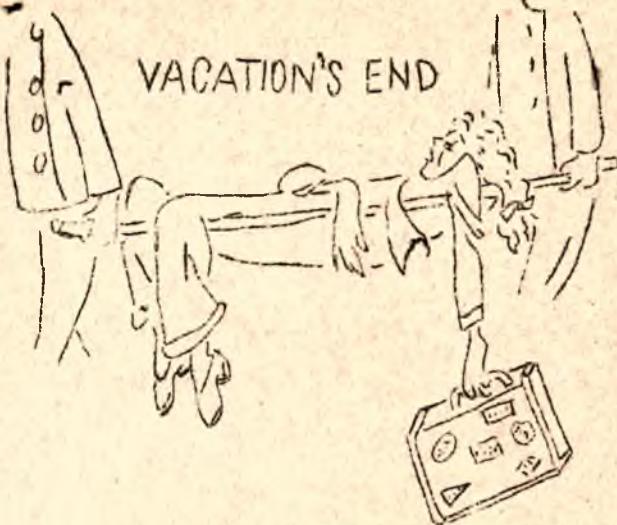

SHIRLEY GRAVES' favorite Marine was home recently for a few days.

MRS. JAMES RICE spent a few days in the hospital and we are happy to report that she is recuperating nicely at home now.

IRA CAMPBELL is still on the "No Cigarette" list - believe it is about five weeks now. We think HERB ALMAN has abandoned the habit also.

The teacher asked the class how Noah spent his time while on the ark. There being no response from the class she added: "Suppose he fished?" Jeered little Freddie, "Fine chance, only 2 worms!"

## ENGINEERING NEWS

Have you noticed any extra noise and excitement in the Engineering Department lately???. Well, it's all because of BARBARA HAGE who announced on August 26 that she is being married to Bill Shelby, a draftsman employed at Visking Corporation, on September 28. Barbara surprised us all by returning from vacation sporting an engagement ring. Best of Luck to you and Bill, Barbara. Barbara enjoyed one week of her vacation in New York City touring Chinatown, the Bowery, Empire State Building, etc. Barbara has some color shots of

the fabulous city and of course, like any woman, shopped in the well known stores. Her remaining vacation will be around September 28, in parts unknown.

Speaking of vacations, we had our share this month. Vacationing were DUNC THOMSON, ED ERICKSON, PAUL ISENBURG, ED JOHONNOTT, ADRIAN STANLEY, BOB WALTERS, WALLY KINSER, ED MOORE, ELI DIX, RAY HEIDENGER, JOHN GROPP, PAUL GROVER, EMILY JOSEPH and QUENTIN "DOC" JEFFRIES. "Doc" Jeffries had only enjoyed three days of his vacation before he was called back to work. Better luck next time, Doc.

We wish to welcome MARY KAY DAMMANN to our department. Mary Kay, whom we spirited from Quality Control, operates our Ozalid machine. Welcome aboard, Mary Kay.

We wish to extend our deepest sympathy to DICK MARKLE in the death of his father, A. R. Markle.

**CAN YOU TOP THIS???** - We wonder WHO SENT WALLY KINSER THE TRUCK he has been trying to expedite from "Sweet Old Bruce" Hackett?? Wonder what's been on VEDA STROOT's mind lately (what mind?). Understand she forgot to pick up her riders one evening and another day left her car running and the keys in it. Couldn't be spring fever this late, could it? Wonder how PAUL GROVER, who is now the proud possessor of a cabin on the river, got the wives to let all those men out to attend the stag he held Saturday night, August 31. Why are the draftsmen thinking about buying ADRIAN STANLEY a lime-colored tie? Could it be that pretty pink shirt???

## NEWS OF RETIRED CSCERS

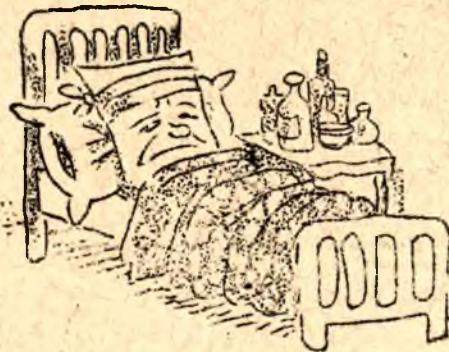

An honor has come to DR. J. K. DALE. He has been awarded the Hudson Medal for outstanding work in the field of carbohydrate chemistry. MR. T. S. CARSWELL made the presentation.

MR. and MRS. CALE PRICE have returned from a vacation trip to Florida and now have Mrs. Price's sister from Cheyenne, Wyoming, visiting them.

MRS. STELLA WRIGHT will have with her for two weeks, her daughter, Betty, of New York City.

The following new addresses have been received: MR. and MRS. THOMAS WALTERS, 202 Cherry Street, Marshall, Illinois; MR. and MRS. ELZA HARRIS, R. R. 2, Shelburn, Indiana; and MR. HOMER LOWERY 328 W. Greenwood, Terre Haute, Indiana.

\*  
To believe you cannot do a thing is a way to make it impossible.

ELECTRIC SHOP

GEORGE DAVIS's spouse, Dorothy, thanks MR. KANTZ and MR. EVANS for the last Spirit and wishes to know if she'll be on the permanent mailing list in the future. (a quote)

**SAFETY ITEM** :- Don't cook apple sauce in a pressure cooker. RAY (Apple Blister) HIGGINS tried this and spent several days in the hospital. The moral of this is if you're going to spread A.S., don't do it with a pressure cooker.

FRANK LATTA just returned from a week's vacation and is bursting the seams with energy.

HERB OTTE, formerly of the Electric Shop, hasn't been in for some time now. What's the matter, Herb? Did we make you mad?

And there are those who wonder why HAROLD HENSCHEN won't take his wife on into the shop.

DENATURING

JIM (Radar Patrol) STAGGS took a trip to Albuquerque, N.M. with several stops--to bail gas out of his Rambler and one to get bailed out himself. "CHUCK" BRIDWELL has been keeping

Furr's Fish Market supplied while on vacation. Anyone wanting fresh catfish, just see "Fiddler" Bridwell. JIM KELLEY is spending a week fishing in Canada. He should have driven his new truck to haul the fish back.

TED LOVEALL is laying the foundation for his new resort home south of Riley. Visitors are welcome (especially carpenters). FRANK COLLINS and family spent a week in Detroit seeing some shows and took a boat trip to BOB-LO.

GLEN MILLER drove his new Chevrolet through the U.S.A. down to Florida. . . Already plans a return next year. WEBB (Magician) CUNNINGHAM is walking home these days to reduce that waistline. Can't you do it with magic, Webb? DOC PAGE has an allergy for stairways since he walked down the steps from the top of Washington Monument on his recent trip.

SOUTH PLANT

Veteran JOHN EVANS has been added to our staff of Watchmen at the South Plant. We are happy to welcome him to the group.

BYRON WATSON, BOB WEBSTER and LYMAN COOPER are among the vacationers since last Spirit. B. J. MC INTYRE is leaving this week for a two-week vacation. He and the MRS. plan on motoring to Ohio to attend the McIntyre Reunion - then on to Philadelphia to visit daughter, JANET, and her husband.

CHARLIE GILBERT has been working as watchman during the absence of BILL RUKES who was hospitalized a few weeks ago. We sincerely wish Bill the best of luck and a speedy recovery!

We don't have much news to report at this time, due to the fact that our Star Reporter - MAX MOORE - has not supplied the Editor with the news as usual. He is engaged in so many "minor details" around the Plant such as putting away barrels, rolling out barrels for shipment, taking samples and taking inventory of various warehouses. We don't mean to imply that he has fallen down on his job as reporter, but a man just can't do everything at once. After he returns from a well earned vacation, however, we expect to be hearing lots from him.

## C. S. C. 10 YEARS AGO

The local newspapers have been well supplied with pictures of CSCers. For instance, LOUIS GODSCHALK's pix was on the front page of last Sunday's Tribune-Star. Louie is President of the County Council.

Under "Special Gifts for Chest," MAYNARD WHEELER was shown presenting a signed pledge card from CSC to the Industrial Chairman of the Community Chest.

Also, in the roto section was photo of LOIS ANN, daughter of the ESTILL ROTHs. Lois Ann was Sweepstakes Winner in the 4-H Club dress revue.

\*  
BLANCHE JONES was transferred from the Pen Plant to the Research Assay Lab. The WARREN MAYES' made a weekend trip, motoring thru Nashville, Chattanooga and into Georgia. They even gave Lookout Mountain a look at.

MRS. DUKE TAYLOR is recovering from an appendectomy.

## AROUND THE PLANT

CAN YOU IMAGINE the chagrin of one ROGER HARNED when the Post Office Department returned a letter he had written. "Insufficient postage and address." Here is what he had given them to work with:

To - DOCTOR EKKEHARD KRUGER - THIEMER TUBERKULOSEFORSCHUNGSIINSTITUT BORSTEL BEI BAD OLDESLOE

For some reason they couldn't find the place. Could you? Where is it? (see bottom of column)\*

SHIRLEY and DALE ROYER visited Dade Park in Kentucky during their vacation. Shirley won a little money on the horses, but not Dale.

Didn't know BENCE MC INTYRE gave his clothes away so promiscuously. He and JOE CROCKETT went to St. Louis, left their car in the "darker" section of town while they went to the ball game. While they were gone, somebody walked away with all their clothes.

FRANK DIEKHOFF spent his vacation in New Mexico and reports he had a wonderful trip.

August marked BILL EVAN's 33rd year with Commercial Solvents.

JOAN DOOLEY is now MRS. JOHN FRANKLIN SWAIM. They were married September 7 in the Caloma Friends Church.

From all reports, BILL MC MAIN is recovering satisfactorily after undergoing surgery at St. Anthony's Hospital this week. He is in room 215. Here's wishing Bill a speedy recovery!

RUTH MILLER (Patent Department) has joined her husband in Salinas, California. Her husband is in the service and stationed there. BARBARA JOAN HUNT has taken Ruth's place.

VIRGIL HAMELMANN is attending the PTO Personnel Relation Conference at Lexington, Kentucky the 12th and 13th. Watch those Mint Julips, Virg.

GEORGE HINES and JIM SULLIVAN are visiting the Peoria Plant this week. Too bad BOB JARVIS couldn't go along to show them around.

The Accounting Department welcomes RONALD WALTERMIRE into their group. Ronald lives here in Terre Haute with his wife, Manon, and 18-month old daughter, Ronda.

\*The answer to the HARNED RIDDLE (but you probably guessed it) is WESTERN GERMANY.

## ANNUAL RETIRED EMPLOYEE VISITATION, Thursday, October 3rd

On this day we look forward to seeing the retired CSCers when they return to the various shops, offices, etc. to renew acquaintances. The reminiscing always assures many memorable chats.

This year a glimpse of the new Chemical Derivatives Plant will be a highlight of the day. A noon luncheon is planned at the Hotel Deming.

CAN YOU HELP SELL PEAK AND NOR'WAY ANTI-FREEZE?

YES!

YOU HAVE!

Here are the sales increases of Peak Anti-freeze you've helped us achieve in these plant cities in the last three years.

MONROE	-	PEAK SALES	UP	57%
PEORIA	-	PEAK SALES	UP	66%
TERRE HAUTE	-	PEAK SALES	UP	36%

Your fine spirit of cooperation in helping sell and promote your company's anti-freeze products has been effective. We hope you will help us promote the sales of Peak and Nor'way again this year.

\*Ask your neighborhood dealers to stock and sell Peak and Nor'way Anti-freeze.

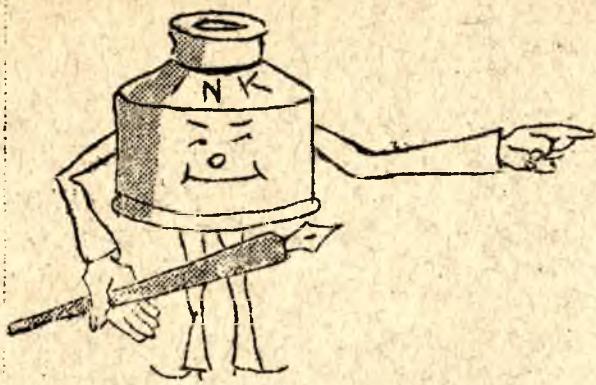

\*Tell your friends where to buy Peak and Nor'way. There are no better anti-freezes on the market.

\*Send us your dealers' names and addresses. We'll send sales and display kits to them -- kits that will increase anti-freeze sales and profits.

\*Put a Peak decal in the window of your car. Each person that sees that decal will be reminded to buy Peak. Get your Peak decal from your Foreman.

Thanks for your support.

## PURCHASING DEPARTMENT

This is SUSIE ROGERS' last week with Solvents. Don't forget to visit us, especially after the arrival of the bundle which will require attention to the tune of Rock-A-Bye Baby, Susie.

SHIRLEY ANN CREASEY is the replacement.

WEDDING BELLS - on Sunday afternoon, August 18th, BILL JOHNSON's son, Frederick, was united

in marriage with Margery Klatte of East Glenn. The lovely ceremony took place at the Methodist Temple. The newlyweds reside in Terre Haute where Frederick attends I. S. T. C.

BOB TAPY's daughter, BETTY, plans to spend a few weeks with her parents. She has been vacationing in Miami.

## PENICILLIN PLANT

JACK (No Shells) MONTGOMERY and his brother went squirrel hunting. We hear Jack takes bead on a squirrel, squeezes trigger. Nothing happens. No shells. Searches pockets. No shells. It's been suggested that rocks be used since they are plentiful.

Anyone wishing catfish steaks, see HANK MODESITT. He just returned from vacation and we hear he had lots of luck.

The Penicillin scrubber court is looking very bright these days with all the aluminum paint. Just like walking into a snow bank with the sun shining.

Sorry to lose JACK MONTGOMERY to Ribo. Lots of luck, Jack, and better hunting. JIM PRICE will fill the vacancy.

## RESEARCH

The HAP CHORNOCKs are home after a pleasant vacation enjoying the country in the Iowa - Minnesota area.

The GUIDO MIESCHERs are vacationing in beautiful Switzerland which is Guido's home land. DICK JEWELL has purchased a home high on Strawberry Hill. Could he be getting away from the Seventh Street Lake? ART CAMPBELL received a nice letter from ED CHEN who is in Peking, China. Ed announces he is very busy working in Chemical Engineering. (Incidentally, the Chens are expecting). Ed sends his regards to all of C. S. C.

## ORDER DEPARTMENT

FLASH - Hold the Press - Late News: "Flying Saucer from Mars or somewhere sighted by our own MISS GEORGIA FLAGG - site 16th & Poplar - 7:00 PM Thursday evening." Also viewing this thing from outer space was an accompanying companion, PAULINE CHERRY. Miss Flagg was interviewed by phone by a representative of a television firm who requested her to appear on television. Watch for her!! Now this is original - Phil (Johnson) Wright slept all the way across the Arizona Painted Desert on her recent trip to California. This sunny state "was nice for camping out," she says, but the bears carried off their grub one night. The recent peach exhibit was under the direction of its proud raiser, JOHN HOWARD SUTTLE. Only one drawback, he says, "The dog-gone tree hangs half way over into the alley."

## BOWLING

A new bowling season started September 4. Even after a slow start, it is hoped this year will be a successful one. Petrochemicals (with some help from the 380 series, rolled by the Office Captain) won all three games. This could be a good sign for the Office as last year, after losing eight straight games, they were on top by the end of the first half. Process won two from the Rascals and Nor'way came out with two games although Maintenance had as much pin fall. Both teams had good 2990 series.

All male employees are eligible and are most welcome to participate in the league. Anyone interested in bowling may contact one of the league officers or team captains for information or assignment to a team of his choice. The officers for the 1957-58 season were elected as follows:

President - RAY HIGGINS

Secretary - GIL ROYER

Vice President - JACK ROMAN

Treasurer - VIRGIL HAMELMANN

The teams and captains: Chemists - J. ROYER  
Engineers - C. SMITH  
Maintenance - R. HIGGINS  
Nor'way - J. ROMAN  
Office - V. HAMELMANN  
Petrochemicals - L. BABCOCK  
Process - R. JARVIS  
Rascals - B. BOYLL

## GOLF

The Office team nosed out the Rascals on the last night of the Golf League to end up in first place by 2 points. The final standing for all the teams was:

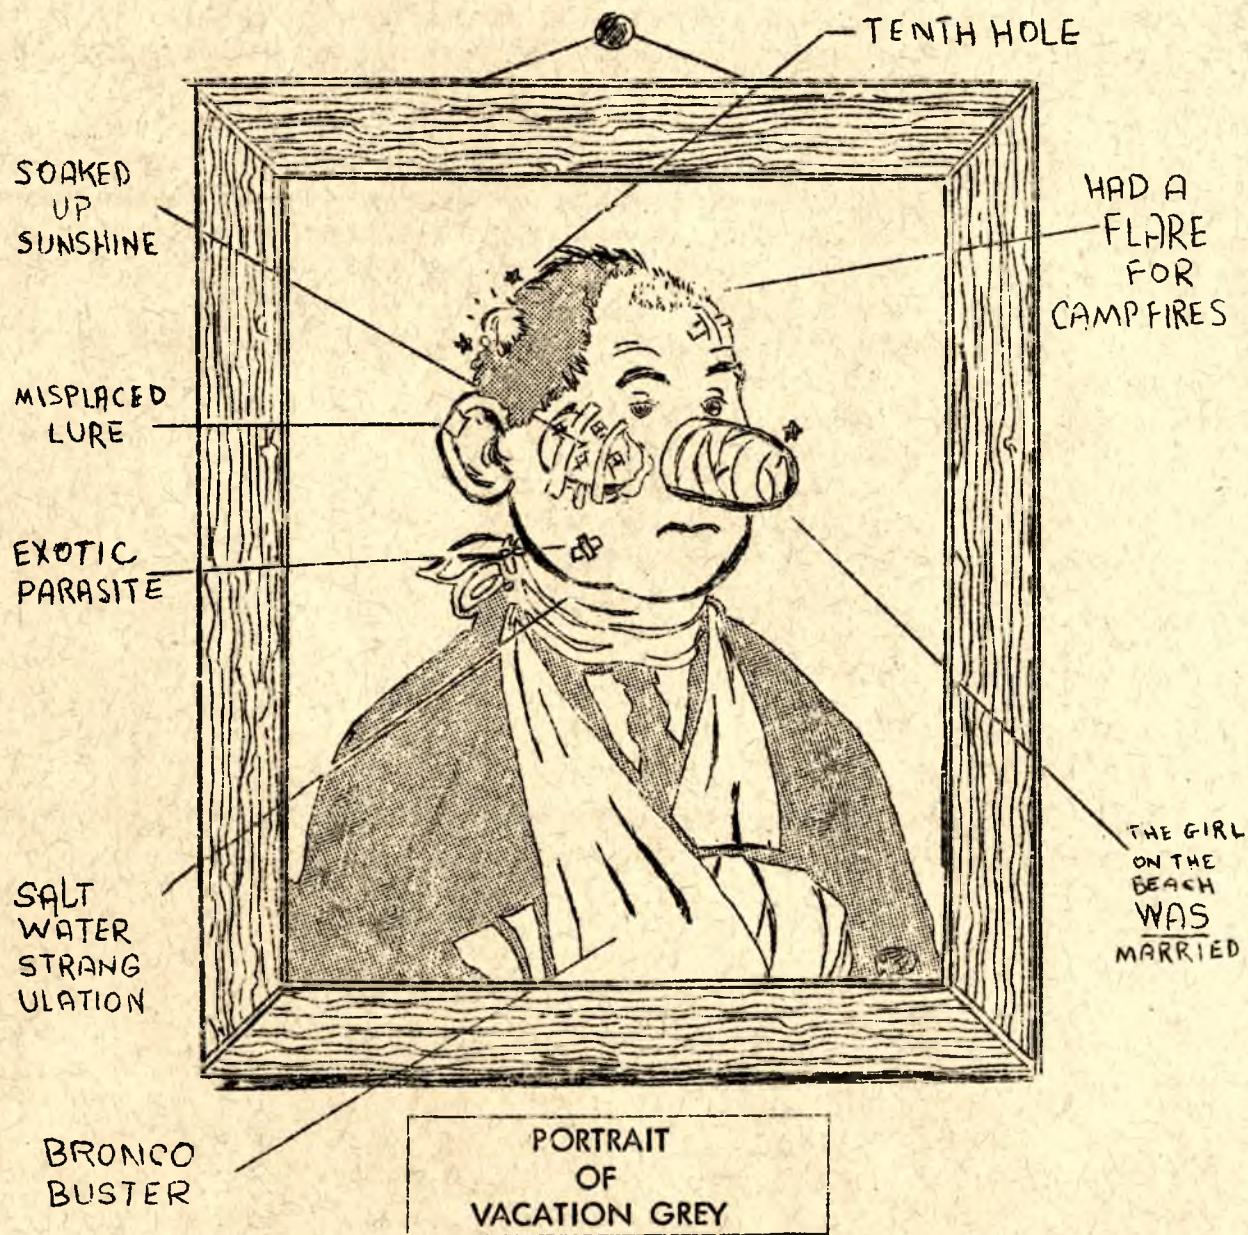

<u>TEAM</u>	<u>POINTS</u>
1. OFFICE	30.5
2. RASCALS	28.5
3. HACKERS	26.5
4. RESEARCH	22.0
5. DUFFERS	15.0
6. PENICILLIN	12.5

## FISHING CONTEST (closes December 1)

GEORGE DAVIS entered a nice crappie (1 lb. 6 oz. - 16 1/4 inches long) which looks like a winner. OTHER leaders are BCB FENTON, 1 lb. 2 oz. bluegill; ZEKE TAYLOR, 1 lb. 12 oz. small-mouth bass and EARL WRIGHT, 7 lb. 12 oz. large-mouth bass. There's still plenty of time to catch a winner.

## RETIRED EMPLOYEE LUNCHEON by Thelma Kelly

On Thursday, October 3, thirty-five of our retired employees, one of whom was with us for thirty-five years, met at the plant for the eighth Annual "Old Timers Get-together." After a tour of the plant and visiting with former associates, the group met in the Pine Room of the Deming Hotel for a delicious luncheon. GEORGE HINES, as master of ceremonies and speaking for all CSC employees, extended a cordial personal welcome to each of our retired employees and hoped that they would visit us at the plant whenever they found time because we truly enjoy seeing and talking with each one of them.

LUTHER MAPES, 88 years old, was the oldest retired employee present and HERB OTTE with the longest service record of thirty-five years. JOHN HASSMER and HODE LOWERY have both been with CSC thirty-five years but were unable to attend.

Those attending were: RALPH HOLLINGSWORTH, WALTER GARD, CALE PRICE, JOHN SHOFSTALL, SOL DE HART, CHARLIE UNDERHILL, STELLA WRIGHT, J. W. FONCANNON, GUY SIMMONS, RAY SMITH, ED MC NUTT, JOE SHOFSTALL, ROLLIE MOORE, HERB OTTE, ED HOLDEN, WALTER WHITAKER, AMOS HADDIX, EARL DRAKE, ELZA RING, JIM DISHON, ED NASH, LUTHER MAPES, JOHN BOROUGH, SLIM LEON, HARRY EASTHAM, ANNA GERNER, GEORGE KRUZAN, LLOYD PIGG, TOM WALTERS, KERZIE WRIGHT, LES BOYLL, HARRY MC NAUGHT, JULIAN DALE, HARRY HUNTWORK and RAY FULTON.

Those not able to attend were: GEORGE APPELL, CHARLIE BOGIN, W. E. "DAD" BROWN, GEORGE BRUNER, MART CONKLIN, BILL DOERR, OTTO FOOTE, ELZA HARRIS, JOHN HASSMER, HERBERT HUNT, PEARL HUNT, HERMAN KRIESCHER, CHARLIE LAMBERT, HODE LOWERY, MACK MC CULLOUGH, ROY MITCHELL, ROY MOORE, FRANK NETTE, ALBERT "BUCK" PINE, HERB SMITH, BILL STREETER, CECIL WATTS and PAUL WEST.

We sincerely hope all that were unable to attend this year will be with us next year.

Other plant personnel attending were CLYDE ELLIS, BILL EVANS, VIRG HAMELMANN, JIM SULLIVAN, GENE KANTZ, BOB JARVIS, NANCY LEE, BLANCHE JONES, NORMA WALTZER and THELMA KELLY.

"Looks like rain," said a tourist to an old-timer at a filling station in an arid part of Texas. "I sure hope so," sighed the old man. "Not for myself," he added quickly, "but for my grandson here. I've seen rain."

North Dakota Farmer: "Well, Maggie, now that we've struck oil, I want you to have some decent clothes."

## AROUND THE PLANT

Visitors at the Terre Haute Plant during the week of September 23 included MR. J. F. DUDLEY and MR. J. A. FARLEY of the New York office, MR. W. L. KEKO from the Peoria Plant and MR. C. D. PAULI of the Sterlington Plant. The following District Managers were also here: MR. WALTER BAUER, St. Louis; MR. FRANK EMBREY, Chicago and MR. JOHN WANSIK, Cincinnati.

There was quite a turn-out Friday night at the party given by BEULAH PAGE (former CSCer) for JUANITA SCOTT. Juanita will be married November 11. Several out-of-towners were there and the many women who had worked with Juanita in the past years were well represented.

KATHRYN CALDWELL, formerly in the Engineering Department and now residing in Pompano, Florida, was in town on business this week. She had lunch with the girls from the Plant one noon.

MR. SYDNEY ELLIS and MR. FRED DUDLEY were here for a day this week on their way to Peoria and Peoria's Twenty-Year Dinner.

MR. J. V. O'LEARY, MR. H. F. HARTEN, MR. H. M. WILSON and DR. M. G. MULINOS, all from the New York office, were in and out recently.

ADRIAN RAY has a new granddaughter, Ann Elizabeth. Bob Ray is the proud father.

RUTH GREGGS is vacationing.

ESTIL ROTH won enough on the pools to finance a vacation trip (I'll bet you). He and the MRS. are in Wilmington, Delaware visiting their daughter.

MARTHA SWANSON is spending two weeks with friends in Terre Haute. Martha, formerly of our Personnel Department, resides in Orlando, Florida now. She is with the British West Indies Central Labor Organization. Martha dropped in to see some of her CSC friends last Monday and she is looking better than ever with a beautiful Florida tan.

ART MYLES stopped by the other day. He has lost a lot of weight but he is looking pretty good.

The JOHN LOVELLETTEs report the birth of their fifth son. They have no girls.

CARL FREEZE expresses his appreciation to RAYMOND VAUGHN, ELLIS (ZEKE) TAYLOR and HAROLD TURNER, blood donors for his wife, Emma. Mrs. Freeze is at home now and recuperating nicely. A vote of thanks also to ED PUCKETT, HAROLD HENSCHEN and FRANK STROLE for the giving of their blood for TOM YOUNG's father. Mr. Young is also much improved.

HOWARD DAVIS had quite a spill last week caused by a flat tire on his motorcycle. The cycle was damaged a little, but luckily, Howard was uninjured.

The latest scoop says that T. W. PLIMMER will soon be sporting a new Edsel.

FRANK MATTISON, FRED ARZBERGER and CHAUNCEY FEARS are on Jury Duty now.

## PURCHASING DEPARTMENT

The Purchasing Department did alright, percentage-wise, in the baseball pools this year. Both PEGGY EVANS and BOB TAPY pulled in the money.

It was nice having MR. L. R. GARDNER of our New York Office here for a visit.

October 2nd, SHIRLEY CREASEY had been engaged two months. Lucky fellow is Bernard Ridens, a sophomore at ISTC.

## ENGINEERING by Veda Stroot

Wedding bells rang out Saturday, September 28, for MISS BARBARA HAGE...as of 10:00 that morning, she became MRS. BILL SHELBY. In the weeks preceding the wedding, Barbara and Bill were showered with many gifts; excitement ran high around the Engineering Department. A shower was held at the home of Veda Stroot on Friday, the 13th of September. Attending were IRENE BROWN, MARY HUNT, MRS. PAUL GROVER, EMILY JOSEPH, MARY KAY DAMMANN, PAULINE CHERRY, PEGGY CURTIS and ALBERTA SIDENBENDER.

JIM CLIFTON visited the department for a few days this month. Everyone was very glad to see Jim and to hear that he will be returning to our department shortly. Welcome home, Jim.

HERB HYLTON is back after more than a month in Canada. Herb almost didn't make it back to us, though. Coming through Yellowstone Park on his way home, his car caught fire. Herb had it towed to the nearest garage..... and thought he had it fixed but had to make two more stops.....anyway, we're glad to see that he finally made it.

GEORGE STANDAU spent part of his vacation on a "campout" on the Wabash River. George took his boat about 100 miles down the river and spent the night on the river bank. He has some lovely color pictures of his trip and is proudly showing them to everyone.

AL MILLER spent his vacation driving through Indiana and Illinois seeing the local sights.

Engineering is sorry to see DON KEENEY leave. Don resigned last month to accept another position.

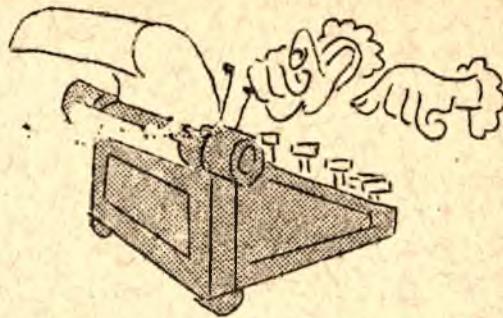

WE WONDER?? Why the announcer for the World Series game Wednesday, October 9, seemed to have such a bad cold? What GEORGE STANDAU knows that we don't know!

## TRAFFIC and ADVERTISING by Mary Donham

Only one vacationer now- COY ORMAN, who probably has been sitting by the TV for the Baseball Series. DOROTHY BROWN moved into her new home at 600 Morton Street while on vacation last week. MR. CRONK was a visitor for a couple of days.

\* \* \*

Callow youth, just starting out on his career of "dates," remarked to the girl, "I went out with a nurse yesterday." "Never mind," the girl replied, "Perhaps in a year or two your mother will let you out without one."

## C. S. C. 10 YEARS AGO

A new bowling magazine was named "Eight-O-Three" in honor of the all-time high scoring of HERB "RED" WOLFE in city sanctioned bowling. RED shot 803 pins in 3 games on 3 different sets of alleys. "EFFIE MAE FOGEL" has a limp caused by, of all things, a hay hook in his leg. The BILL JOHNSONs have a nice set-up up North Terre Haute way. A Tub-Rub emporium. Vacationers are: WILLIE AULD in Minnesota on a fishing trip, the "ELKY" family in Florida, LAURA BELLE STILLWELL invaded New York on her time of fun. BOB LENWELL has taken up the glass-blowing art under the watchful eye of PAUL GUMMERE.

Magician WEBB CUNNINGHAM not only pulls rabbits out of hats but also dogs out of open cess-pools. KENNY CORTHUM has purchased a lovely new home near Pimento. DR. RIDDICK's Matrimonial Agency has scored again! Riddick is now being called Cupid. Ten Analysers have been married in the last year. Among those were BILL BOYLE, ROBERT DEWEY and TED JEFFERS. BILL FOGEL, JR. and MAXINE HANNER (both of Research) were married September 12.

## QUALITY CONTROL

While GARTH THOMAS and TOM CRAIG are attending the AOAC meeting this week in Washington, D.C., we are in hopes that they will take time off to represent CSC in welcoming the QUEEN and PHILIP.

We had originally suspected that ERNIE FAGG was only interested in piscatology. However, if you will take time to observe him during his lunch hour, you will undoubtedly realize he is an ichthyologist.

While riding around the country roads of Vermillion county, BEAULAH "BOOTS" CRAFT turned her car over and was injured, on her week end.

At the last meeting of the S. S. Investment Club, BOB BENNETT proposed that they should buy stock that represented their biggest investment - "Scotch."

PAULINE CHERRY seems to think the "flying saucer" in Indiana State's parade was almost original. Except for the color; it should have been "pink" !!

## PEN PLAIN

See BROTHER FAGG if you want to make money on hogs. The motto is to be sure to buy them on Sunday. There hasn't been any singing down over the hill since BOB JONES hasn't been able to talk for the past week. A few more accidents and BOB COOMBES will have a completely new car.

## SOUTH PLAIN by Mertie Montgomery

MAX MOORE and BILL JOSLIN have been on vacation since last SPIRIT publication. JIM CLEMENTS is now on a two-week's vacation.

BENCE MC INTYRE and wife enjoyed a vacation visiting Ohio, Pennsylvania, New York (and the Niagra Falls), Michigan and parts of Canada. During the trip, he met ex-Congressman Noble Johnson and Mrs. Johnson. Mr. Johnson is now Federal Judge in Washington, D. C.

JOE CROCKETT and BENCE MC INTYRE are quite "the fishermen." They can really tell you some fish stories.

We are happy to have BILL RUKES back with us after having been ill and hospitalized for the past several weeks.

JIM CLEMENTS seems to be the Luckier of the Lucky when it comes to winning the ball pools. However, his winnings dwindled somewhat after fulfilling his bargain by treating three hungry souls to a complete spaghetti dinner - (namely- the once hungry, now not-so-hungry, souls - HUEY JOHNSON, MERTIE MONTGOMERY and BENCE M.) Thanks, Jim, the dinner was certainly good!

Has anybody seen that purty blue pick-up truck parked by the fence? - owner J. STEUERWALD!

## MAINTENANCE NEWS

When we last saw HARRY KNIGHT, he was still trying to pick a winner in the World Series. GENE KANTZ already had him for \$22.00. Looks like Harry will be painting Gene's house again in order to pay off.

T. W. "SWAMPY" PLIMMER plans to visit Shaffer Lake once more before winter. It seems that he left his Mattoon friend stuck in the mud and he wants to pull him out.

Anyone around here know MARI JANE? For details, question RAPID ROBERT.

### ANTI-FREEZE AND SPECIALTIES by Mary Hedding

September proved to be our busiest month this year and found us working a double shift for awhile. HELEN (KETNER) WYATT, LOUISE (BOMGARDNER) LOHRMAN and MARTHA (PRICE) MYERS came back to help during the rush.

HELEN WYATT, MILDRED DROUGHT and MARY HEDDING worked the nite shift. With them were BILL PRICE, BILL MC DANIELS, CARROLL JACKSON, BCB GRIEVES and CARL KISNER.

BETTY GARRY took a week of her vacation last week. MILDRED DROUGHT is vacationing now.

NETTIE DONHAM found it hard to concentrate on her work during the "Series." It was a full-time job just keeping tract of the money that people owed her. A couple of die-hard Yankee fans:- DARRELL JENNINGS and GLEN WORLEY.

RUTH PROVENCE "had a ball" Thursday nite. Had it ru-uff Friday.

FRANCES ZIMMERMAN is our office gal now replacing DORIS (ANDERSON) STEUERWALD, who has retired to Cory.

Newcomers to CSC: DARRELL JENNINGS, CHARLES GREEN, ROBERT BOMGARDNER, LARRY STRAIN, ROBERT MONTGOMERY and CHARLES ENNEN. Glad to have you aboard, fellows.

CHARLES CHAPELL is with us once again. Researchers will remember Chuck from his Pilot Plant days.

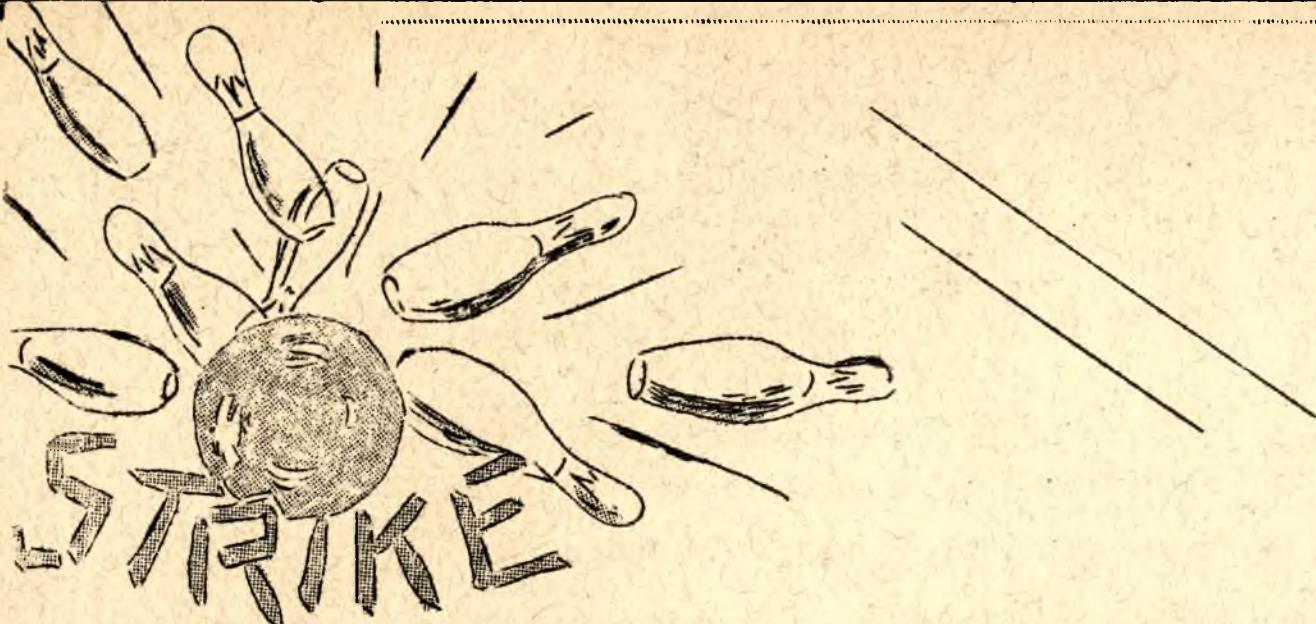

Always a lucky one, GENE HARTLEY. Won a check pool and a ball pool the same day. But get out your towel, that won't even cover his Doctor bills for the week.

WILLIE AULD will spend his vacation building fence around his 80-acre farm.

BOB GRIEVE decided somebody must have seen him coming. He bought a car and got as far as the Lockport parking lot with it--it's been there for 3 days now.

Wonder why RUBY TUCKER and RUTH PROVENCE are called the Gold Dust twins?

AB RITCHIE's lemon tree is still doing a good job of producing. There are 25 lemons, as large as baseballs, ripening on it now.

High Individual Game over Average - E. Wolker, 86  
High Individual Series over Average - E. Wolker, 109  
High Team Series with Hcp. - Rascals, 3095

The Office won two games from the Rascals to move into a tie for first place with Petrochemicals. In the second game, the Rascals rolled a 1071 game but still were 38 pins short as the Office came up with a very good game of 1109. Process downed Petrochemicals twice, Maintenance won two from the Engineers and Nor'way took two games from the Chemists.

Bill Robson had a 617 series - his second 600 of the season.

We have one more week before position night and five teams still have a chance for FIRST place.

# We Help Each Other. join us!!

Credit Union Day is going to be observed Thursday, October 17, 1957 internationally. The movement, hard to believe in view of its vigor, is 106 years old.

Credit Unionism came to the U. S. only about 50 years ago, but in that time has grown into a wonderfully good and useful thing for millions of people.

Credit unions in the U. S., a nation that has enjoyed perhaps the most stable government in the world throughout its history, today are much freer and wider in scope of services to individuals. Some 21,000 Credit Unions serve nearly 10 million people in a twofold purpose, encouraging thrift and providing a convenient source of credit. Those who belong to Credit Unions are economically more secure.

The services rendered by the Credit Unions, and especially our own COMSOL, are a part of the American faith in the highest possible standard of living for the greatest number of people.

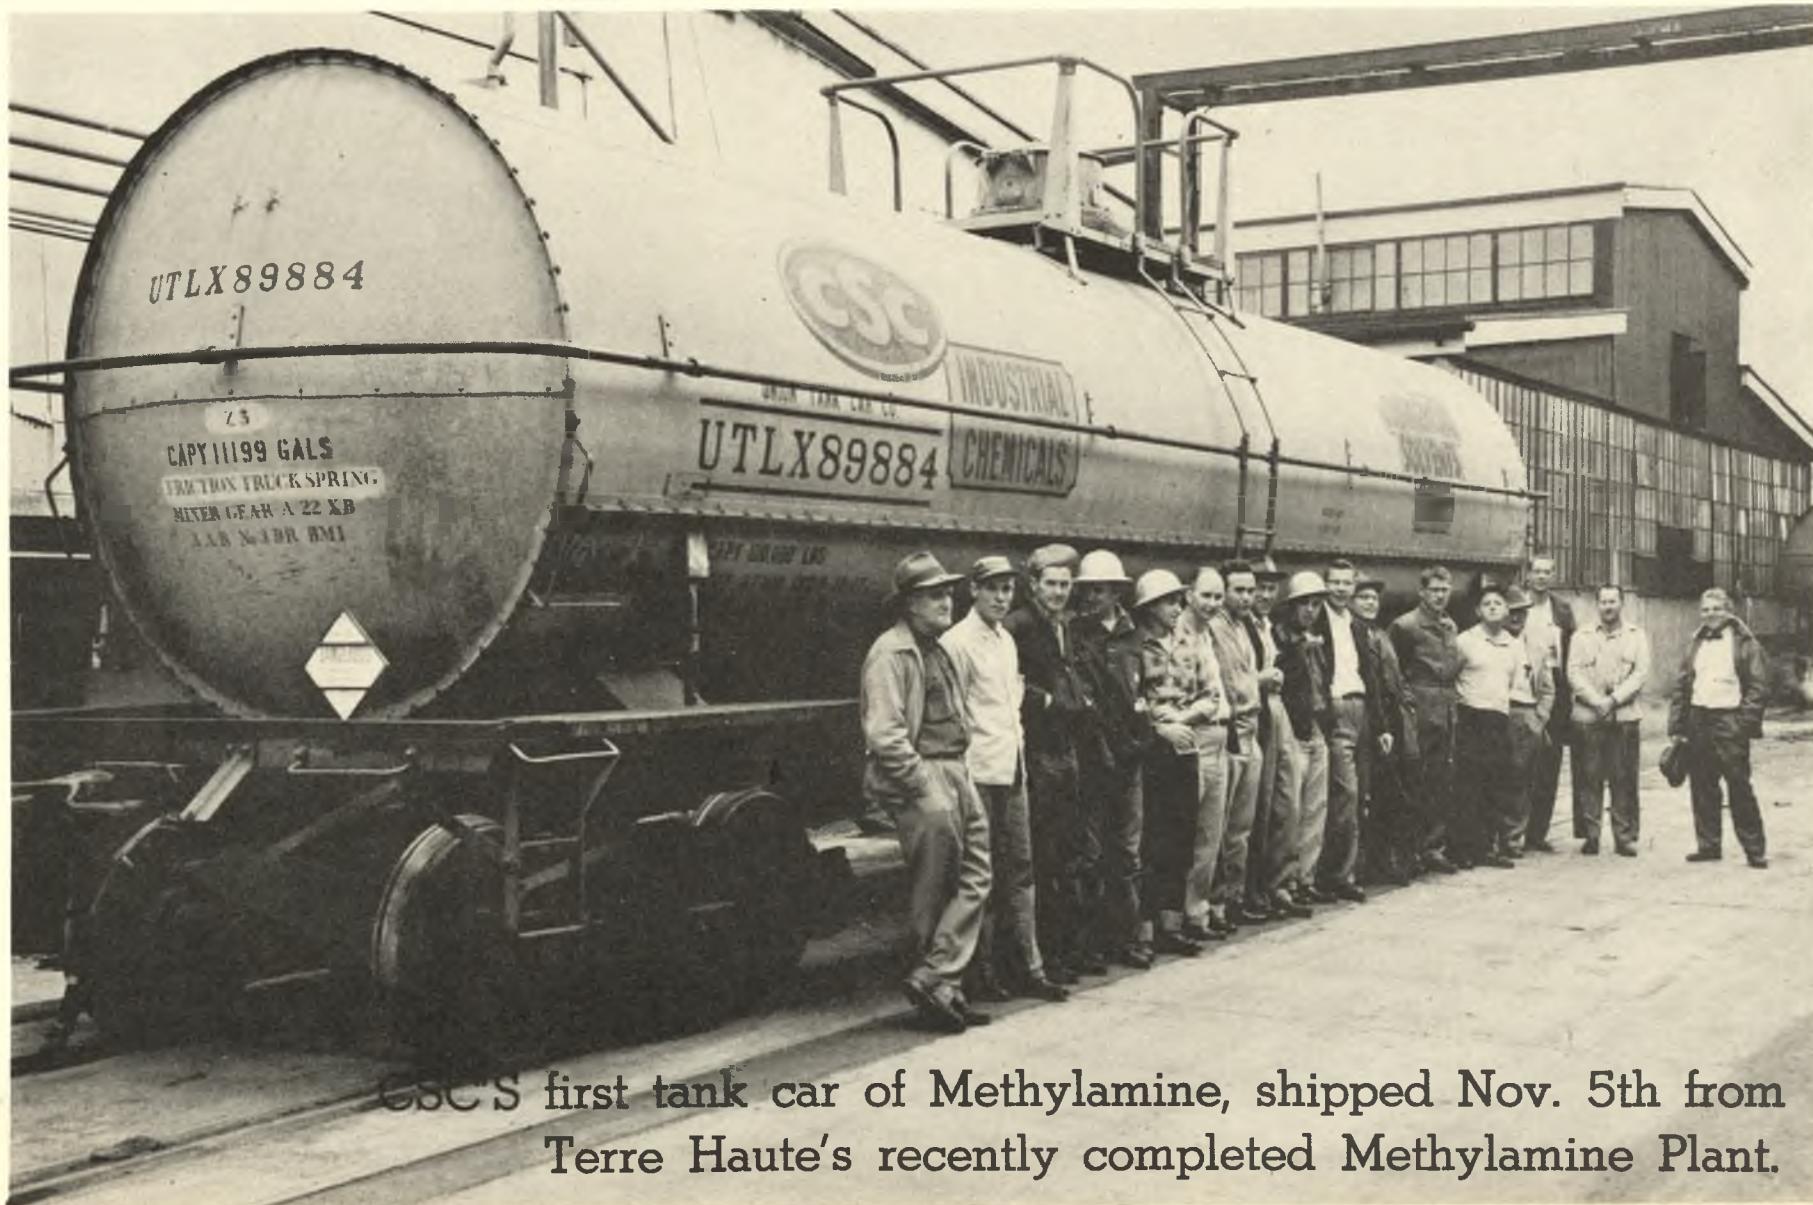

WE HELP EACH OTHER..... JOIN US !!

## **QUALITY CONTROL CONTEST**

---

How many times have you purchased an article, a thing, a whatnick, and found that the gadget you purchased didn't do the job you had been told it would do or what you expected of it? I'll bet one thing; you didn't buy that same type article again, at least from the same supplier. If enough people had the same experience as yours, the people who were making that article would be out of business, and some poor guys like us wouldn't have a job. Why didn't that product perform as

expected? Because quality was not built into that product. The only way quality can be produced in an article is for everyone who is concerned with the product to KNOW quality, THINK quality, and PRODUCE quality.

It doesn't matter what job you hold in the manufacture of a product, since everyone contributes to making a customer happy; whether it's the expeditious handling of an order, proper care with the raw materials that go into the product, efficient operation in the manufacture of it, complete testing of the final product, or proper care in the packaging, loading, and shipping of the product to insure that the finished product arrives at the customer's plant in the best possible condition.

The purpose of this **QUALITY CONTROL CONTEST** is to stimulate enthusiastic quality thinking throughout the entire company, so that each of us can make ourselves aware of how we may contribute to over-all improvement of quality in our products. Without continued improvement in quality, we cannot expect to improve our sales through continued improvement in customer acceptance.

We are therefore offering a number of prizes for the best slogan, the best jingle, or any other expression related to quality which will spread quality mindedness throughout our company.

An example: "Quality means customer satisfaction and customer satisfaction means increased production and better jobs for us." Other examples: "CSC-Completely Satisfied Customers," "Quality is Contagious," "Produce Quality and Produce More," "Make it Good and We'll Make it Sell."

The contest opens upon release of this announcement and closes December 15, 1957. All entries should be addressed to Quality Control Department, Terre Haute, Indiana; Attn. J. T. Craig. Anyone in the company may enter except members of Quality Control and the Company Salesmen. Get with it now, start thinking about Quality and get those entries rolling in.

(see next page)

**QUALITY CONTROL CONTEST - continued**

**SIGN YOUR NAME AND PLANT ADDRESS ON THE BACK OF EACH ENTRY.**

No entry blanks are needed - just write it on anything but make it readable.

Sometime in the future you'll learn how your slogans will be used. All entries will become the property of the Quality Control Department.

**PRIZES**

Nor'way Windshield Washer Fluid  
Nor'way Car Wash  
Nor'way Dryex

(First prize will be displayed - LIVE - at the Main Gate of the Terre Haute Plant)

## ENGINEERING

On Friday, November 1, Engineering presented a few linens and a Westinghouse electric skillet to MRS. BILL SHELBY (formerly Barbara Hage). Barbara was quite excited about it and we were pleased at seeing her enjoyment. After the shock of watching DICK MC GHEE try to "break" in the skillet, Barbara tried it out last Monday and, rumor has it, that's what caused the bad fog we had that day!

MR. and MRS. PAUL ISENBURG spent a two-week vacation in the East during which they spent several days in New York City, where they attended the theatre (saw "Li'l Abner") and enjoyed the excitement of the Mike Todd celebration and preparations for the arrival of the Queen. Also, while in the East, they were guests of MR. and MRS. J. F. DUDLEY, who recently moved to New Canaan, Connecticut. On their return trip they followed the New York Thruway to Buffalo and spent several days at Niagara Falls.

BOB DINKEL is spending his vacation watching the contractors work on his new house. EMILY JOSEPH and VEDA STROOT went out to see the house and were shown around by MRS. DINKEL, who wishes to extend an invitation to one and all to come out. Emily and Veda raved for weeks on the beauty of the house. ADVICE TO HUSBANDS: Keep your wives away.

If you were in Engineering the other day and heard cries of "Horse Thief," Scoundrel, etc., pay no heed. No one ran off with the safe... 'twas only RAY HEIDENGER trying to get WALLY KINSER to return his hat. Seems Wally made a mistake the night before and wore Ray's hat home.

BOB WALTERS (Purdue graduate) and JOHN GRENCH (Illinois graduate) are still friends, but for how long???? Bob and John, together with John's young son, CHUCKIE, attended the Purdue-Illinois football game. Purdue trounced the Illini 21 - 6. Wonder if they tossed a coin to see which side they sat on???? Attending the game, also, were PAUL ISENBURG, MRS. ISENBURG and their son, JERRY.

We are sorry to hear that ELI DIX's little girl, BERMA, is still in the hospital. We're all hoping for a speedy recovery, Eli.

CAN YOU TOP THIS?? - The "generous" stenos shared their new-found pet with DICK MC GHEE last week. He didn't seem to care for it, though. It was a mouse.

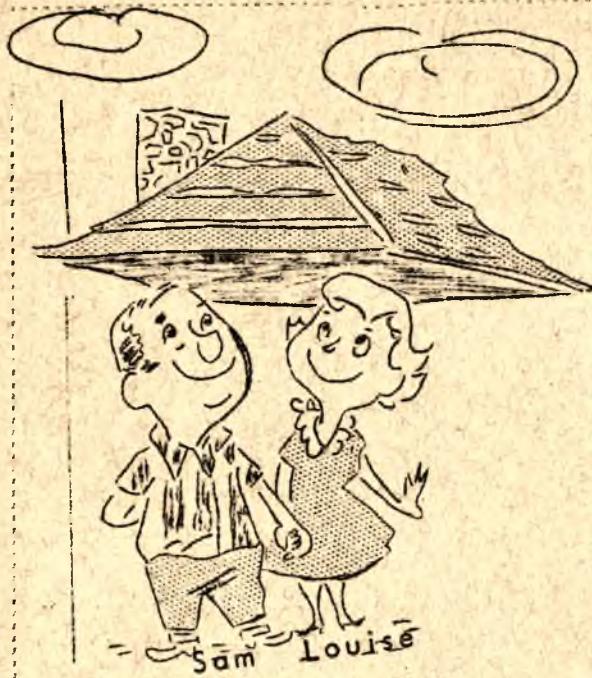

What is it EMILY JOSEPH is keeping quiet about???? BARBARA, MARY and VEDA are all sworn to secrecy. Three women keep a secret? Any bets?????????

\* \* \* \* \*

Two fellows, fishing on a Sunday morning, were feeling pretty guilty. One said to the other: "I suppose we should've stayed home and gone to church." The second angler replied lazily. "Heck, I couldn't have gone to church anyway. My wife's sick in bed."

\*

Who said growing old doesn't have its advantages--just think of being able to sing while brushing your teeth.

### EAST PLANT

SAM LOHRMAN is a busy beaver these days. He hopes to get his new home completed before the Holidays. It is a beauty.

WERDNA ELLIOTT made a hurried trip to Ashtabula, Ohio over the weekend to visit with her sister.

LAWRENCE LISTON seemed to be having some trouble replacing the roller towel and wondered if AB RITCHIE had the Instructions with him; AB was on vacation!

BEN MAYNARD spent a restful vacation around home.

The Specialties line has been quiet with MARY HEDDING, MAXINE OSBORN and VIRGINIA STEWART away. Hope to see them back soon.

BILL HARVEY decided it is cheaper to buy a duck than go out looking for one. Better luck next time.

RUTH PROVENCE is the gal who keeps us happy by bringing in those delicious pies.

### CONTROL LAB by Alberta Sidenbender

PAUL LOVE will soon be running for Mayor of Seelyville. He recently purchased a home there and will be moving a little closer to Terre Haute.

JACK DICKERSON has been here in the Lab on special work for several weeks. He's getting to seem like one of us.

BILL FOGEL, JR. is on a three-week vacation. We wonder if he plans to spend the winter in Florida.

A lot of ducks and birds have been shot these last few weeks.. Just talking to get in practice. They had better lay low as HAROLD TURNER takes a week of his vacation next week.

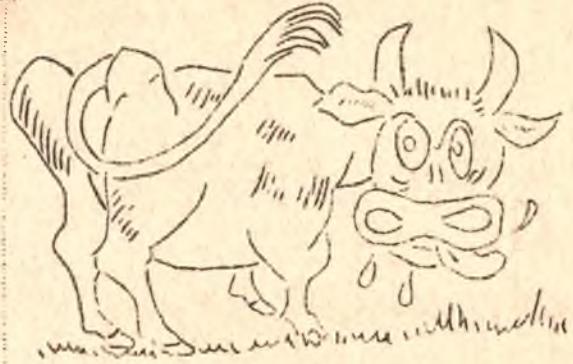

GIL ROYER recently had his last week off.

\* \* \* \* \*

A steno showed up at work one day flashing a big diamond ring. Some of her fellow workers started casting catty remarks her way. One asked, "Where did you get THAT?" "Oh," she replied casually, "when grandmother passed away she left \$2,000 for a stone in her memory, and this is it!" \*

Father to small boy dragging top half of Bikini bathing suit along the beach: "Now show Daddy exactly where you found it..." \*

Girl: "You play beautifully. Why did you take up the piano?"  
Fellow: "My beer kept falling off my violin."

## C.S.C. 10 YEARS AGO

The CSC girls will be gathering in the Deming Ball Room, November 17, for their first fashion show.

ORPHY KEEGAN was attacked by a horned bull in his own pasture. Orphy struggled for fifteen interminable minutes and finally managed to throw the huge animal, who fell on him. Mrs. Keegan saved the day by racing across the pasture in the truck and sinking a pitchfork into the maddened beast. Orphy was very lucky to get off with an injured collarbone, strained hands and knees, and general body bruises and abrasions. P.S...Bull transformed into choice T-Bone steaks.

"BUSHY" McGUIRE and "POSSUM" HUNT joined th' House of David. Their long flowing beards will soon pose a safety hazard., what with getting wrapped around 55-gallon barrels, etc.

The machine shop boys are sore because LAFOLLETTE didn't pass out cigars when he became a grandfather.

RUSS KINDLE and GUY PEARSON went picnicking with their families. For diversion, the men picked many, many butternuts from the ground. When they were finished and were ready to load their booty into the car, the farmer came along and said, "Thanks a lot, boys. I'll take care of them from here."

\* \* \* \* \*

This is an article which we feel is worth passing on to you.....

### IF A HEART ATTACK STRIKES

Call the doctor at once.

Help the patient take the position in which he finds it easiest to breathe (usually halfway between lying down and sitting up).

Don't attempt to carry or lift the patient except under the doctor's supervision.

Loosen tight clothing such as belts and shirt collars.

See that the patient doesn't get chilled, but don't pile on so many blankets that he starts to sweat.

Don't give him anything to drink before the doctor arrives.

These rules for helping someone who seems to be having a heart attack are given in a new AHA leaflet entitled HEART ATTACK, issued in response to the many requests for a brief and simplified summary on this subject received in the months following President Eisenhower's.

## AROUND THE PLANT

The Plant's a little quiet this week. There is a record number of vacationers due to the opening of the Hunting Season. The rabbit population will, no doubt, be greatly decreased.

The flu is hitting hard and is keeping its toll away from the plant and also adds to the quietness.

ART MYLES is back. He's driving the station wagon this week while BONY THOMSON is home with the flu.

JUANITA SCOTT was married this last week end to Don Zemlock. VIRGINIA STEWART surprised most of us by getting married too. Virginia married Marion Thomas and they have moved to their new home on East Ft. Harrison Road.

WARREN WATERMAN is leaving CSC this week. As we understand it, he is to become a craftsman in Sullivan, Indiana.

VIRG MILBURN's wife, SYBIL, wanted a piece of board cut one day. Virg was gone so she decided to cut it herself. She used the electric saw and discovered what a vicious thing a saw can be. We're sorry to learn she cut off the end of her thumb.

MR. and MRS. B. J. MC INTYRE, MR. and MRS. JOE CROCKETT, MR. and MRS. BILL EVANS, MR. and MRS. BOB JARVIS, MR. and MRS. C. H. DENGES, NORMA WALTZER and MERTIE MONTGOMERY were the CSCers attending the Women's Transportation Club party held at the American Legion home in Paris, Illinois, October 26.

Report has it that November 8 was the coldest and windiest day Chicago has had this Fall. NANCY LEE will verify this since she was among those that were nearly blown off their feet. Nancy, her mother and aunt were in Chicago attending the funeral of Nancy's uncle.

## ACCOUNTING DEPARTMENT by Jan Correll

LOUIE and MRS. GODSCHALK enjoyed vacationing in Baltimore, Maryland, Washington, D.C. and a few points in Indiana visiting friends and relatives. LUCILE WIKOFF spent her vacation mostly around home and taking short trips. She tells us the farthest from home she ventured was Bedford, Indiana. HERMAN CRUSE pinch-hit for BUD BRUSSELL, while he was in New York.

VIRGIL HAMELMANN had been wanting BUD BRUSSELL to bowl and Bud kept telling Virg he just couldn't. Virg couldn't take "No" for an answer, so Bud decided to do something about it. Bud closed the overhead garage door on his bowling hand and broke his finger. Now, we believe Virg is convinced it will be quite a while before Bud can do any bowling.

ESTILL ROTH is very despondent because, in a moment of weakness, he gave his cat to "COWBOY PAYNE's young daughter. Estill says he can't understand why he did this, especially when the kitty was soon to become a mama. Anyway, Estill, time will heal this wound and, just think, you have no doubt made a life-long friend with Cowboy! ROSIE GAYER's husband must be afraid to let Rosie drive the new Ford. He bought a jeep for him to drive to work, but Rosie drives the jeep and Dick drives the Ford.

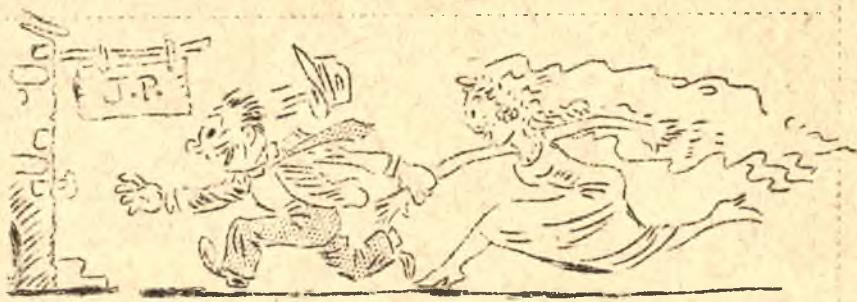

\* \* \* \* \*

"Hey, Joe, let's cut our 3rd period English class?"

"Can't, Jim. I need the sleep."

## ORDER DEPARTMENT

FLASH!! The Order Department has been hard hit with diamond rings. ELLEN COX, still starry eyed, received her diamond a few weeks ago from Denny Cummings who attends Rose Poly..Lucky Fellow!!

PEGGY CURTIS received her diamond from CARLTON POWER (Pharmacology) a week ago Saturday night. Wedding bells will ring in May..Congratulations and best wishes to both couples.

EMMETT LOVELESS--a father-in-law!!! His daughter, SHARON LEE, was married to Ronald Devine on October 15.

HOWARD and MAXINE SUTTLE attended the Purdue-Illinois football game at Champaign on November 2.

E. LOVELESS was quite upset one day a few weeks ago after finding his car windows thoroughly soaped while attending a church meeting. How about that???(JPM)... "EMMY LOU" LOVELESS got permission to clean out the office files on his own time. His only request--that he could have the paper. Looks like Goodi-Boy is getting ready for a big deal at the dump.

## SOUTH PLANT

The following boys have been helping the crew at the South Plant the past few weeks: ROBERT BOMGARDNER, RAYMOND CRITCHFIELD, CHARLIE ENNEN, CHARLES GREEN, BOB GRIEVES, DARRELL JENNINGS, CARL KISNER, BOB MONTGOMERY, GEORGE SLAVEN S and LARRY STRAIN, JR. We enjoy having these boys with and they're doing a fine job.

ALLEN BROWN will be leaving us soon for Florida. Our Best Wishes go with him.

B. J. MC INTYRE is off on another week of vacation. This time he's planning a hunting trip in Illinois.

C. H. DENGES celebrated "another" birthday on a recent Thursday and in doing so, found that Shrimp and Ice Cream don't mix so well! This is supposed to be the reason he was on the sick list the next day.

HUEY JOHNSON enjoyed a week's vacation since last Spirit, and JOE SULLIVAN was his pinch hitter on the job while he was gone.

MERTIE MONTGOMERY's son, Tom, arrived home October 30th, after being discharged from Service on October 25th.

Mr. and Mrs. Hugh Gibson of Gloucester, N. J., have been visiting Mrs. Gibson's parents, MR. and MRS. MC INTYRE for the past week. They are en route to Portland, Oregon, where they will make their home since Mr. Gibson has been transferred to that area.

Keeping a secret from some people is like trying to smuggle daylight past a rooster.

## QUALITY CONTROL

Quality Control has been literally scattered to the four winds - North, BOB BENNETT to Chicago; East, GARTH THOMAS and TOM CRAIG to the Capitol (and Craig saw her majesty - Liz); South, CRAIG to Sterlington; and West, BENNETT to Kansas City. PAULINE CHERRY and BOOTS KRAFT struggled to hang on to the controls here at home.

TOM CRAIG, on his trip to Sterlington, saw waddling HOWARD HIGGINS trying to push around an extra sixteen pounds gained mostly at his equator since leaving Terre Haute. It isn't lack of work that did it, according

to Howard, just too much black-eyed peas, grits, rice and gravy, sweet potatoes, corn pone and hog jowl consumed each day.

Quality Control has added another new secretary to the department. This one doesn't talk, type or look pretty sitting behind a desk like the other two--but, she's a mechanical genius and can reproduce copies of letters, tags, labels etc.

The GARTH THOMAS' and BILL FORCE and companion attended the gala Musicians' Ball. Sure, we can understand why the Thomas' attended- they're musicians, but Bill Force??? The only thing he plays is the stock market!

If anyone would like to see a spectacular, just give ERNIE FAGG a raw egg and see what he does with it!

## ELECTRIC SHOP by Harold Henschen

HOWARD RUBE was brought out of retirement to lecture and demonstrate the fine art of bowling. Thank you, Rube, our third game showed improvement.

PAUL CATON has just returned from three weeks of looking for sun spots. . .most of them were looked for in Florida.

GEORGE DAVIS is holding several bowling I. O. U.s of HIGGINS, which he would like to sell for half price.

## RENI ANNEX

TEA PARTY AT JONES' RANCH - Saturday, October 5, all roads led to the Jones' Ranch, south of town. CONDA cranked up the Chevy and took for the high hills. BOB stayed on the farm and entertained some of the plant fellows with a party. Plenty of eats and tea for all. Everyone had a grand time. Thanks, BOB, for a swell party!

## ENGINEERING NEWS

DEAR SANTA:

Please for Christmas, we would like to have for DICK MC GHEE an open line to the grapevine; for DUTCH WOLKER, a record of Tom Terrific: Company for Lonesome FRED RUBEY; bring BOB DINKEL a pacifier; BOB WALTERS a new set of head lights (encased in a Cadillac); a lasso for CHARLIE SCHOLER for the day before Christmas; "DOC" JEFFRIES an L. L. D. degree; JOHN GRENCH needs some cars to go with his putt-putt. Best of all, please bring "JO JO" JOHONNOTT the address of Elvis Presley's music teacher; EDDIE MOORE needs a carload of blank purchase orders; AL MILLER should have a two-headed automatic coin flipper; a window stretcher for PAUL ISENBURG; lifetime subscription to Playboy magazine for ED WYATT; WALLY KINSER, a giant pumpkin pie served with cranberries; a road map of the Northwest system for ERNIE DANNER; AUSTIN MANHART wants another committee to work on. MIKE HARMAN doesn't want any present this year, Santa. He was just presented with the best of all times - the first male Harman grandchild. DUNCAN THOMSON needs an all-channel antenna; ED ERICKSON, a satellite to ride to Sterlington; HERB HYLTON, a license to stay at home; please bring ADRIAN STANLEY a pair of socks to match his bright pink shirt, and last but not least, bring JIM CLIFTON (recently returned from over a year at our Sterlington Plant) a Terre Haute rehabilitation manual.

For our draftsmen, please bring PAUL GROVER strong beams, low river water and time; RAY HEIDENGER needs a lock for his hat; GEORGE STANDAU wants a Marilyn Monroe calendar - "live" size; CHARLIE SCHILLING, some Louisiana Old Grandad. Please bring JOHN GROPP a new Sputnik joke, and give DALE COTTON new car sales resistance; "CACTUS JACK" DIX, an adobe hut in Arizona; DICK MARKLE needs a private parking lot.

For the stenos, bring MARY HUNT a case of tranquilizers; BARBARA SHELBY, a sack for the girl who has everything - something to put it in; EMILY JOSEPH needs a Ouija board to help answer all her questions; please bring MARY KAY DAMMANN a Prince Charming; and VEDA STROOT, a lifetime subscription to Confidential magazine.

Your little friends, GEORGE STANDAU and  
VEDA STROOT

## ADVERTISING AND TRAFFIC DEPTS. by Mary Donham

Happy to report that BERNEICE THOMAS is back working after a trip to the hospital for surgery. ....DOROTHY BROWN's son, Larry, and Donna Paine of Clinton were married Sunday, December 8. ....The flu bug and now pneumonia has hospitalized MRS. JIM RICE. Do hope she will be going home soon fully recovered. ....DICK WILLIAMS, formerly of Specialties Department, was a visitor at the East Plant recently.

HAPPY HOLIDAYS TO ALL!

## PURCHASING DEPARTMENT

If anyone is in doubt as to what to get the members of the Purchasing Department, here are a few suggestions:

HENRY FICK - a chauffeur's license  
BILL JOHNSON - a new stoker  
BOB TAFY - a year's supply of chicken salad, shrimp and peanuts.  
PEGGY EVANS - a ring (on the phone or for her finger?)  
SHIRLEY ANN CREASEY - green or red requisitions.

PEGGY EVANS: "When I see a hearse, I think of him, si--igh!"

## ORDER DEPARTMENT HAPPENINGS

Oh for the life of a painter!! Sleeping late, ducking back and forth to watch morning television programs, snacking in between times, and of course a little painting. Our JOHN HOWARD SUTTLE can tell you--he enjoyed a recent week's vacation in such manner.

Go west young man--but, in our case it is NANCY LYMAN who headed Rocky Mt. way to Boulder, Colorado to spend a week with her parents. Don't get snowbound, kid, this teletype will get cold..

GEORGIA FLAGG enjoyed another week's vacation lately, and guess where she went - yep, to Peoria, Illinois. Wonder what the attraction is over there. We'll check with BOB JARVIS; he has good times in Peoria too.

A certain young man, by name Denny Cummings, was seen with a pretty blonde hanging to his arm at the Military Ball held November 16th out Rose Poly way. That blonde was our ELLEN COX who also wears this young man's ring.

We learn from PHYLLIS (JOHNSON) WRIGHT that she and Larry will be moving back to the country in February. Boy, there's nothing like that old fresh country air--especially down around Fairbanks!!

Everyone is wondering why E. LOVELESS picked the week that hunting season opened to get the flu bug!!?

## RETired CSCers IN THE NEWS

MRS. STELLA WRIGHT is leaving for New York to spend Christmas with her daughter, Betty.

MR. ROLLIE MOORE is recuperating nicely after an eye operation.

We hope to see the retired CSCers at the Christmas Party and we extend Greetings to each one!

How did NORMA WALTZER's glasses get under her car and run over without her head in them? Do dogs eat glasses?

## RESEARCH NEWS by Myrtle Mitchell and Oren Myrtle

ROLAND DAPO made the big plunge. He and Miss Carolyn Dill were married at 11:00 A.M., Saturday, November 30th at the St. Joseph's Church. They spent a short honeymoon in Cincinnati, Ohio. Carolyn is a Terre Haute resident and has been residing with her aunt, Mrs. J. T. Walker.

WILLIAM BURKEBYLE spent a week's vacation rabbit hunting and getting a few things done around the house.

AUSTIN TURNER spent all of his vacation hunting.

A rare happening: DOC NOTTER walked into the storeroom and BILL BURKEBYLE greeted him with a "Hello, Shorty." Bill says he doesn't have the opportunity to call someone Shorty very often.

ART CAMPBELL is enjoying himself in Florida. RAY OLINGER is having the time of his life, while Doc is away, riding around in Doc's sports car. "Best car on the road," he says.

JANE GREENWOOD is the pretty new steno in MARY FRANCES GRAHAM's office. Welcome aboard, Jane.

DOROTHA MEDLEY vacationed last week.

We're sorry to hear Dr. Riddick's mother is still so ill.

A group of Researchers was on hand to see Sputnik pass over...and they saw it! Craning their necks were DR. CAMPBELL, DR. RIDICK, ORVAL SISSON, GUY SMITH, HERMAN MC - PHEETERS and MYRTLE MITCHELL. A cowboy once said if you took the lead off a saddle, you could make a Satellite.

Christmas for MRS. ROBERT EDWARDS will mean slaving over a new automatic washing machine.

## EAST PLANT by Mildred Drought

Recent visitors to the East Plant were GENE SHOOK from Columbus, Indiana, MAC MC - CULLOUGH and HARRY EASTMAN. ELMER BROWN enjoyed a delicious rabbit supper one evening without much effort. He just picked one up on the way to the car after work one day. The Warehouse has been quiet with all the gang being over at the Main Plant. NETTIE DONHAM nearly made a nervous wreck of her brother, Howard, one Sunday afternoon when she got stuck in a farmer's lane. A kind neighbor pulled her out. WERDNA ELLIOTT reads about boats and dreams of warm weather. She and MAXINE OSBURN are real good on the water skis. WILLIE AULD spends his spare time on his farm near Montezuma where he hopes to retire some day. SAM LOHRMAN has been on leave of absence. BILL PRICE and BEN MAYNARD have been keeping things rolling. A couple of unusual gals:- RUBY TUCKER scrapes the snow from her eyes and complains of the heat. RUTH PROVENCE is so full of energy she fairly jumps even when she's sitting.

INDIAN AFFAIR: The Indian Squaw was standing on the railroad station platform in Albuquerque with a Papoose in hand. A tourist said, "Him Injun?" Reply: "Him part injun, part injuneer."

# SHOP TALK

## ELECTRIC SHOP'S CHRISTMAS LIST:

HOWARD RUBE wants his wife to thaw out the car doors on cold mornings. RAY HIGGINS wants the Blue Cross to mark all his hospital bills paid in full. DON PAYNE wants some help digging a ditch. HAROLD HENSCHEN wants a 165 average in bowling. GEORGE DAVIS wants some of PLIMMER's vitamin pills. FRANK LATTA wants to know of someone who is going to Louisiana. ROBERT BYERS wants to quit yelling at his wife. PAUL CATON wants his wife to go to the bowling alley with him each week. Please, Santa, make a note of all these wants.

## SOUTH PLANT by Mertie Montgomery

We welcome JIM PENNINGTON to the South Plant. Jim is to be B. J. MC INTURE's successor upon his retirement early in 1958.

JOHN PHILLIPS is sporting a new car.

BOB WEBSTER, CARL KISNER, BILL RUKES and C. H. DENGES have all enjoyed vacations since last Spirit. JIM STEUERWALD is vacationing this week.

MRS. JAMES CLEMENTS has returned home from the hospital. It is hoped she will have a complete recovery very soon.

JOHN EVANS has been on the sick list. ART MYLES has been taking his place on the gate.

HAROLD MYERS is pinch hitting for BILL RUKES on the gate while Bill is on vacation.

We are glad to have DUKE TAYLOR join the crew at the South Plant.

## CONTROL LAB

Several vacations have been completed: The SIDENBENDERS did their Christmas shopping. JACK DICKERSON, HAROLD TURNER and HARRY BROWN lessened the rabbit and quail population. BILL FOGEL, JR. made repairs on his home. Other vacationers - AL GUILL, GENE GOODWIN and WAYNE MAYNARD.

ALBERTA SIDENBENDER spent a most enjoyable few days in Washington, D. C. recently.

Since CARL FREEZE has taken up City Life, his evenings are really booked with basketball games, bowling, etc. Overheard one day: Carl is the only one in the league that has his average where he can handle it.

SANDY SHAW has a vacation coming up. He says his wife has enough work lined up for him to last 'til next year.

MR. and MRS. HARRY BROWN, JR. were chaperons at the recent Y - Teens' Stardust Dance.

### C. S. C. 10 YEARS AGO

Newcomer to Ribo Lab is Supervisor, LAMAR WHITNEY. Lamar hails from St. Louis, Missouri..... MARVIN BACHMAN joined the Research staff. Marve's from out Stillwater, Oklahoma way..... Marilyn Wheeler was crowned Queen of the Garfield Purple Eagles at the Turkey Day game..... BILL McDANIEL's son, Bill, Jr., was lauded for his running ability in that game as a Garfield quarterback..... BUD DISHON

and JACKIE NASH middle-aisled it November 13th..... The Stork seems to be in a rut--brought all girls this month. New Arrivals were: PAUL CHATMAN's Sandra Kay, TOM GREGORY's Etta K., BILL ALLEN's Joyce Anne, RAYMOND CRITCHFIELD's Sally Ann, and BUD BRUSSELL's Gail Ann..... BILL JOHNSON's son, Robert (age 13) was rushed to the hospital for an appendectomy..... GENE HARTLEY gave his tonsils to the scrap drive..... FLOSSIE GODFREY nearly swooned when her name was drawn for the goose given away on the packaging line. RAY HIGGINS won a goose at the Rifle Club Turkey Shoot. CHUCK RING won a duck after winning a tie with Wanda Campbell.

### HIGHBROW BOW WOW

Planning a vacation stay in Florida, a retired man didn't know what to do with his dog. He decided to write the hotel and ask if dogs were allowed.

Promptly, the hotel manager wrote back: "I've been in this business for 30 years. Never have I called on police to eject a disorderly dog. Never has a dog set fire to a bed with a cigaret. I have never found a hotel towel or blanket in a dog's suitcase. Nor a whisky ring on a dresser. Sure the dog is welcome!" And the manager added a postscript: "If the dog will vouch for you, come along, too!"

## THE SPIRIT OF CHRISTMAS

I am thinking of you today, because today is Christmas, and I wish you happiness -- and tomorrow because it will be the day after Christmas, I shall still wish you happiness, and so on clear through the year. I may not be able to tell you about it every day -- because I may be far away; or because both of us may be very busy; or perhaps because I cannot even afford to pay the postage on so many letters, or find the time to write them -- but that makes no difference -- the thought and wish will be here just the same. Whatever joy or success comes to you will make me glad. Without pretense and plain words: Good will to you is what I mean by the spirit of Christmas.

Henry VanDyke

### SUPERVISORS WIVES' CLUB PARTY

Saturday Night, December 7th, the Supervisors Wives' Club held its annual Christmas Party with a dinner dance at the Shrine.

The gala affair was attended by MR. and MRS. ROBERT JONES, MR. and MRS. TED WESTEN, MR. and MRS. ROBERT JARVIS, MR. and MRS. GARTH THOMAS, MR. and MRS. GEORGE BUTTER, MR. and MRS. GEORGE HART, MR. and MRS. MARION TISLOW, MR. and MRS. JOHN JACKSON, MR. and MRS. MELVIN JOHNSON, MR. and MRS. LAMAR WHITNEY, and MR. and MRS. HENRY ALEXANDER.

\* \* \*

### A REMINDER

Chorus practice for employees and families interested in singing at the Christmas Party will be held at 3:00 P.M. on December 12, 13, 19 and 20 AT THE SHRINE TEMPLE.

VIRG: "You look all in today, Bill. What's the trouble?"

BILL: "Well, I didn't get home until after daylight and I was just undressing when my wife woke up and said: 'Aren't you getting up pretty early, Bill?' In order to save an argument I put on my clothes and came to the office."

## AROUND THE PLANT

JIM RICE and Wife, RUTH, can't decide which one is having it the rougher...He, on the homefront, or she, in the hospital.

SI RAYHEL is on the job again after several weeks on the sick list.

CAROL STOUGH and Harold Rector were married at 7:00 P.M., Saturday, December 7th, at Carol's home. Mr. Rector is a Garfield graduate.

SUE ROGERS and husband, Sonny, are living in Hammond, Indiana now.

We're sorry to report that EARL BARNES has had a stroke and has been very ill. He is in Rm. 221 at St. Anthony.

GLEN PINE is in Union Hospital, Rm. 334. Gien had his gall bladder removed, but is recuperating nicely and should be feeling better soon.

Working with LAMAR WHITNEY is newcomer, MELVIN JOHNSON. Mr. Johnson came to us from Fort Riley, Kansas where he was in the Army. He is married and has an eight-month-old son.

MARY LOU KANNMACHER, son Kenny, and a friend spent a very enjoyable Thanksgiving Day at the home of her parents in Marshall, Illinois.

December 11th marked EIB and SUE TINGLEY's 40th Wedding Anniversary!

Who bet who a Wiedeman's at what plant? Instead of paying the Wiedeman's, why doesn't Mr. X throw another party and invite \$15,000 JIM?

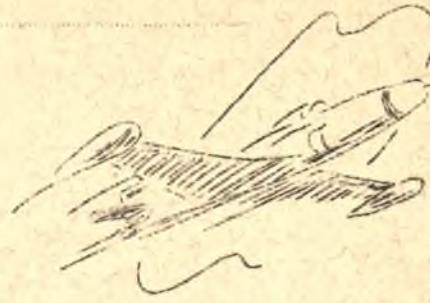

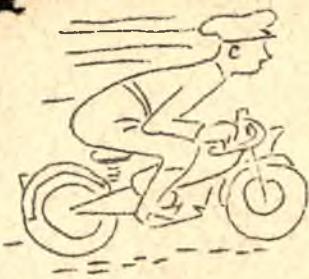

Duck hunters with decoys, BEWARE. If JACK MONTGOMERY can't find live ducks, he'll shoot decoys.

The Time Office doesn't use mouse traps. BETTY KENNEDY is the best mouser they've found.

RAY FULTON, retired CSCer paid us a visit this week...Brought his nephew and showed him the plant.

LOUIE FELKEY was pretty smart, taking his vacation this week. He must have foreseen this cold wave. Several fellows are out hunting rabbits this week. SAM JOSLIN, ESTILL ROTH and DALE KIRTS to name a trio. ALEX TRENCH will pick up the ones they miss next week. JOHN VOLLM and HENRY BIEWEND start their vacations the 23rd. Henry needs a week to do his shopping.

THELMA KELLY is spending the holidays (3 weeks!) in Azusa, California with her son and his wife, Mr. and Mrs. John M. Kelly.

The Bloomington police set up road blocks, special radar equipment and had several planes in the air. Yet a certain crew from Terre Haute slipped into the city anyhow. The "break-thru" gang headed by E. KANTZ, T. PLIMMER, B. BENNETT and D. SWALLEY opened the gates for W. EVANS and R. JARVIS who brought up the rear. All six finally got into the stadium to see dear old F. U. trample not-so-dear old I. U.

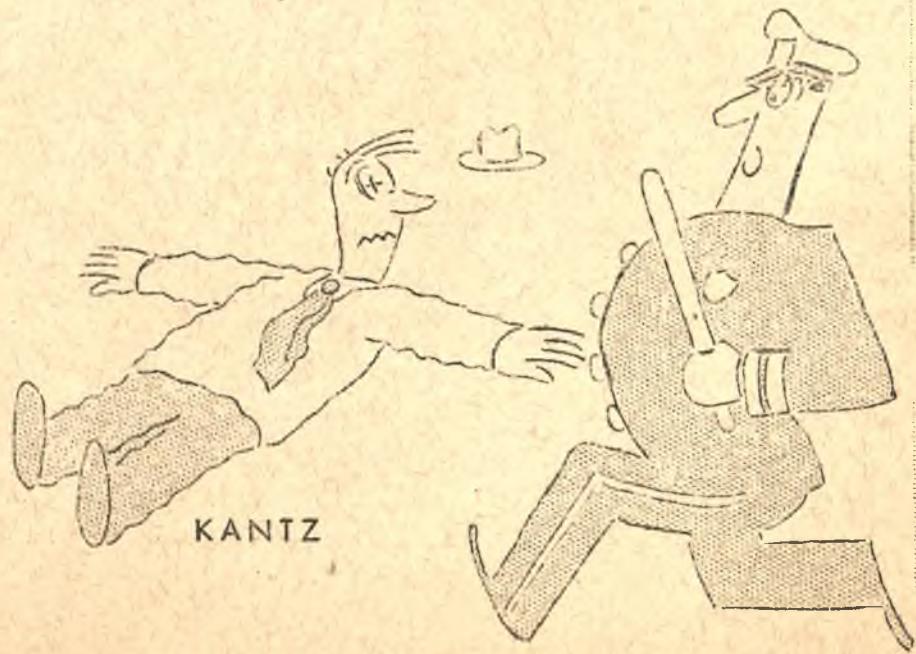

The Bloomington police evidently knew that this crew couldn't land in their city without trouble starting. To start matters off, "WRONG WAY" KANTZ goes the wrong way on a one way street. We understand that PLIMMER tried to jump out but the other two held him in.

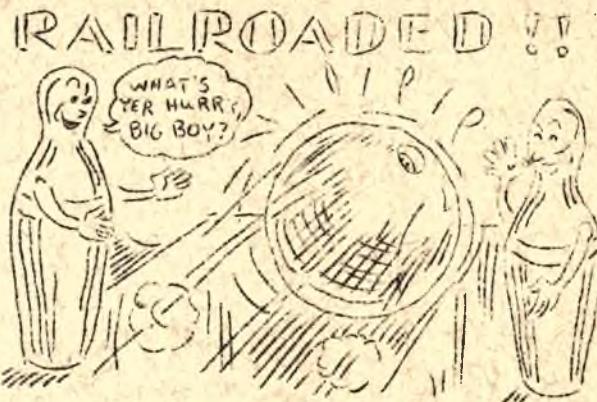

PLIMMER

When fighting started on the field, PLIMMER had to be restrained again.

EVANS was passing out flowers to all lying on the ground. JARVIS just passed out, period. BENNETT thought the White Sox were playing and it took SWALLEY to guide this misguided crew back home.
